19TH YEAR. NO. 273. EAST LIVERPOOL, O., TUESDAY, NOVEMBER 18, 1902. TWO CENTS.

THE CONTRACT SIGNED FOR $60,000 POTTERY

I. Bentley Pope, of This City, at the Head of the Enterprise and Coshocton Is the Location.

BOARD OF TRADE GIVES HIM $25,000 BONUS

Coshocton, November 18.—The contract has been signed that brings to Coshocton an immense pottery employing between 200 and 300 men. The deal was closed by the board of trade Saturday night. I. Bentley Pope, of East Liverpool, is the head of the new enterprise. He has had a life time's experience in the pottery business and for 11 years has been one of the heads of departments of the Knowles, Taylor & Knowles company, of East Liverpool, the largest pottery in the world. Mr. Pope is a man of means and is one of the most thoroughly acquainted men with the pottery business in America. His business ability and personal integrity is of the highest character, and he will be a welcome addition to the business interests of the city.

The board of trade, Messrs. Gray, Crawford, D. D. Boyd, Timmons, Montgomery, Hunt, Hanley and Secretary Boyd being present, conducted the negotiations and Saturday night signed the document whereby the board gives Mr. Pope $25,000, amply secured by the plant itself. On his part Mr. Pope will at once begin the construction on a four-acre tract in the board of trades' second addition a plant involving an expenditure of $60,000. The main building will be one-story high, 600x70 feet, with six kilns, four white and two for decorating. The guarantee is to operate the plant constantly for six years and to employ from 225 to 300 hands after the third year. The contract calls for not less than 100 hands the first year in order to allow the company to organize their forces, after which time the full number required by the contract will be employed.

Within three years three more kilns will be built. Mr. Pope expects to break ground at once, and to let all contracts to home labor. The plant will start July 1. At the start, he will bring here 75 skilled workmen and their families and will doubtless greatly increase this as the plant develops. The pay roll at the end of the second year will be between $75,000 and $100,000 a year.

C. F. Gosser, of this city, expects to take a large block of the capital stock after the company shall be organized, and it is understood that he will have charge of the financial end of the business. Because of the circumstance that he expects to become interested with the company, Mr. Gosser declined to act for the board of trade in making the contract with Mr. Pope, the terms of the contract being agreed upon by the other members of the board of trade after Mr. Gosser had retired from the deliberations. The fact of Mr. Gosser's association in the new company is a matter of congratulation, for while Mr. Pope is a gentleman of the highest business character and ability, yet Mr. Gosser's identification with the concern makes it prima facie a Coshocton enterprise. For the present at least he will continue in the jewelry business, however.

The plant will probably be known as the Coshocton China company and will make the finest grades of chinaware. Its advent means not only thousands of dollars spent here in the construction of its buildings, but the coming of a hundred families who must have homes, and whose wages will be dumped into the general channels of local trade. It is one of the biggest booms that Coshocton's prosperity has ever received.

Mr. I. B. Pope, when interviewed this morning by a News Review reporter, confirmed the above, saying, "It is an accurate account of the project. I could not give it more fully were I to talk all day."

Mr. Pope has long been a resident of East Liverpool and has made for himself a reputation that will go far towards his success and prosperity among Coshocton people. He is a man of pleasing personality and excellent business qualifications. His many friends will read of his announced departure from the city with regret.

WRIT OF HABEAS CORPUS

Desired By a Father to Get Possession of His Son.

Lisbon, November 18.—(Special.)—Habeas corpus proceedings have been instituted in probate court by J. C. Augustine, who wishes to secure possession of his son, Clyde. Augustine, and his wife have been having trouble and a separation took place recently. The wife took the child and went to the home of her father, George Bishop.

MANN CONTINUES TO RAVE IN HIS CELL IN THE JAIL

Imagines He Drank a Thousand Devils While He Was Drunk Last Week.

WILL BE SENT TO LISBON COURT

Samuel Mann, arrested Sunday morning while terrorizing the shanty boat district, acting like a crazy man, will likely be sent to Lisbon tomorrow and be given a trial before Judge Boone on the charge of insanity.

It was thought yesterday that he was recovering slowly from his attack and hopes were being entertained that he could be released in a few days, but this morning his case, if any thing, was more serious than on Sunday and Mayor Davidson thinks it the proper thing to send him to the county authorities.

The police state that he passed a quiet night and slept almost continually. Upon being approached by Chief Thompson this morning, however, he commenced a repetition of his raving, and the sight presented was awful. His hair unkempt and the terrible glare in his eyes made the officer and spectators flinch and start backward.

Mann said to the crowd: "Say, I guess you people had better get out of here. The Lord told me that you were all devils and I want you to get out."

Not a word was answered and the unfortunate creature dropped to his knees and began to pray. Several minutes he spent at the side of his cot and suddenly arising stepped over to one of the crowd and with a change of expression on his face, it being lighted quite perceptibly, exclaimed:

"You can stay. I have talked it over with the Lord, and He says you are all right. You got the Lord to save me, didn't you?"

In this manner the demented man continued throughout the morning. He refuses to eat, saying that the food is poison. He states that while he was on his spree he drank 1,000 devils and that they will never get out of him until his angel commands them to depart. His wife bought him four new handkerchiefs yesterday and this morning he had them securely tied to the bars of the cell, saying that they were possessed of devils. He raves frequently about a young and pretty girl that he met last week. He imagines that he married her and that she is in the corridor.

The patient has received the best of attention. Medicine has been given him, and his parents and wife have done all they can to console and bring him to his senses. Many people who have been admitted to his cell were recognized, but he orders some of his near friends to leave.

SEQUEL OF SCRAP ON A STREET CAR

Conductor Arraigned For Assault Battery Upon a Passenger.

A FINE OF $9.90 IMPOSED

After Stories That Were Very Different Were Told By Plaintiff And Defendant—Trouble Started Over An Unlighted Stogie.

Edward T. Dillon, a conductor employed by the East Liverpool railway company, was arraigned before Mayor Davidson this morning as the result of a warrant being sworn for his arrest by William Wilson, a local potter.

The warrant charged Dillon with committing an assault on Wilson last Saturday evening. Before pleading guilty to the charge Dillon made the following statement:

"Wilson got on my car early in the evening, and after 'chewing the rag' with me about his fare and about standing on the platform finally jumped off when the car was near the West End. When the car returned from Wellsville he again got on at the Diamond and commenced his wrangling. I stood it for some time and near the Thompson pottery I put him off."

Wilson's face showed plainly when he swore out the warrant that he had met with rough treatment, and he told a different story, stating that Dillon had thrown him off the car because he had a stogie in his mouth. He said the stogie was not lighted and that he could prove by volunteer witnesses that he was forcibly ejected without cause. The mayor fined Dillon $9.90.

FOTHERINGTON IS SORRY

His Parents Enter An Appeal Against Him Being Sent to the Workhouse.

David Edmonds and his wife of the East End, who testified against Eliza Fotherington yesterday, are now very sorry that the boy was sentenced to the workhouse and have appealed to the mayor for his release. The mayor refused to grant the request and told them that the only action that could keep him from the penal institution would be the payment of the $50 and costs.

Fotheringham since becoming sober has cried bitterly and seems much repentent. His mother wants official action begun against two local characters who, she says, she can prove gave the boy the whiskey that crazed him.

Rummage Sale a Big Success.

The rummage sale conducted by the Hospital association on Second street is proving to be even a greater success than was anticipated. During the sale hours the room has been thronged and the buying has been very heavy. The supply of wearing apparel for men, women and children was almost exhausted this morning, but an additional supply was received during the afternoon. The ladies take this method of asking the interest of the public in this sale. An invitation is extended to all to contribute articles for the sale.

More Smallpox at Sebring.

Sebring, November 18. — A second case of smallpox has developed in Sebring in the detention house where Miss McGovern is quarantined. The new patient is Miss Scott, of Beaver Falls, who came here as a companion to the former, and was placed in quarantine with her as soon as the disease afflicting Miss McGovern was pronounced smallpox by Dr. Klingensmith. The two girls are in a hospital remote from the village.

Attended Agents' Meeting.

Assistant Superintendent T. A. White, and Agents J. Heckman and J. Kirk, of the Western and Southern Insurance company, returned today from Steubenville where they attended a gathering of all the agents of the company in this district. The meeting was addressed by Henry Bohl, superintendent of agencies.

Compromised for $28.

H. A. Decker, late of Lebanon township, Meigs county, was sued recently by Alex Chafin, of the East End, on a grocery bill amounting to $69.71 and this morning an agreement was made between the plaintiff and defendant in 'Squire McCarron's court. Chafin allowed the case to drop by the promise of Decker to pay $28 in cold cash.

THE BOND ISSUE PLAN DEFEATED

Resolution Turned Down in City Council by a Vote of 7 to 3.

THE DEBATE WAS SPIRITED

Every Member of the Body Took Part in the Discussion, And the Sentiment Was Against the Measure from the Beginning.

The people of East Liverpool will not be asked to vote upon a proposition for the issuing of bonds just at present. By a vote of 7 to 3, Dr. Marshall's resolution to submit the question to vote was defeated by the council last night in adjourned session. In consequence the city has placed the collection of assessments upon the lots and lands in the vicinity of Pennsylvania avenue in the manner and in accordance with the resolution to assess according to benefits.

Over two hours was spent in a discussion of the resolution and at times the arguments were spirited and eloquent, some even indulging in personalities. The arguments were useless, however, as every member had his mind fully made up long before the meeting was convened. When the resolution was sprung at the regular meeting last week not all the members were posted upon the provisions of the measure, nor the effect its passage would have upon the city and taxpayers. Since that time all have studied the question thoroughly, and when called upon to go on record last evening they knew exactly what they were about.

Much of the ground gone over at the regular meeting was again traversed, all tending to show that a majority of those present deemed the action prematurе. The grounds for the stand taken by the opponents of the resolution was that the plans and methods adopted for the collection of assessments on Trentvale street, Calcutta road and Pennsylvania avenue had not yet been fully carried out, and until they were the members refused to vote to change the system.

It was plain from the arguments of the members from the Fifth ward that neither they nor their constituents proposed to pay the amounts assessed against the several East End properties in consequence of the Pennsylvania avenue improvement, without a struggle. No money has yet been paid in from that locality, and had the resolution passed and the proposition for a bond issue been sanctioned by the people, none would have been paid. The city can compel the payment of the lawful 25 per cent and the assessment can be made according to benefits. It is absolutely certain that the city will be able to prove to the satisfaction of anyone that every lot or parcel of land east of the improvement has been benefited. All of these arguments and many more were made. When the vote was taken it showed that Messrs. Marshall, Peach and Thomas voted for and Members Barlow, Horwell, Nice, McConnell, Johnston, Bullock and Orr against the adoption of the resolution.

A new equalizing board was appointed by resolution, the following men being selected: W. A. Calhoun, George Olnhausen, H. E. Grosshans. These men will go to work upon their task at once.

At the beginning of the meeting an ordinance to assess a special tax for improvements which have been made on Prospect street was up for second reading. F. E. Grosshans, who first brought it in, was not present, and it was thought best to let it take its course.

The ordinance committee had not yet examined the builders' ordinance, and it too was allowed to go over.

The engineer was instructed to give the grade of Oblique and Starkey streets and Hobbs' alley. The clerk will readvertise for bids for the improvement of Prospect street.

Shot During a Play.

Salem, November 18.—During the performance of "The Fall of Atlanta," given under the auspices of the local camp of the Sons of Veterans, at the opera house Saturday night, Al Winder was painfully injured by being shot in the breast by the wadding from a musket discharged by C. M. Connell who took the part of Barney Dolan in the play. The injury, fortunately, is not a serious one.

GEN. JONES' ASSURANCE ABOUT NEW RAILWAY

Nothing in the Way of Building Trolley Line to This City Except Getting the Right of Way.

OFFICIALS NOW IN THE CITY AND AT WORK

Prospects are brightening for the building of the Youngstown & Southern Electric railroad from Youngstown to this city, via Lisbon. J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department of the road, are in the city today, looking after rights of way, and meeting with much encouragement.

There is ample capital back of the project, and if the rights of way are secured without difficulty, there is every reason to believe that the long talked of connection of this city and the county seat by an electric line will be effected within a year.

Additional assurance that the road will be built, and speedily, is promised in the following letter to the News Review from Gen. Asa W. Jones, president of the railroad company. Everybody who knows Gen. Asa Jones knows that he does not indulge in visionary schemes, but when he takes up a thing, he does so for business reasons and intends to push it along to success. It will be recalled that the News Review was the first paper in East Liverpool to publish an account of the surveys made by the Youngstown & Southern. Gen. Jones' letter follows:

Youngstown, Ohio, Nov. 15, 1902.
"Editor News Review, East Liverpool, Ohio:

"My attention has been called to your article in reference to the Youngstown & Southern Railroad company, in your issue of last evening. We have been trying to keep the matter as quiet as possible, hoping thereby to avoid some difficulties, but as you have told a good many facts, and thus made them public, it is perhaps just as well that you be fully informed, thus taking the good public into our confidence.

"Our route between termini has not yet been fully determined, but we are looking for the route that will give us both a good line, and plenty of business, and we believe we will in the end secure it. I assure you that we are not securing rights or franchises to sell or put into the market, or to hold for the purpose of getting in the way of a genuine enterprise.

'Our first intention was to construct a road from Youngstown to Columbiana, and for that purpose we secured substantially all of the private rights of way, but when we went east to write up and execute our contract for the underwriting and sale of our bonds with parties who had assured us they would do so, we met this proposition. The eastern parties said: "Why not extend that line to East Liverpool? We will underwrite your bonds and furnish the money, if on examination by an expert the prospects look favorable.'

"The expert went to East Liverpool and spent some days there in a quiet way, as some of your citizens know. The result was he made a favorable report, and after that we secured a very favorable contract by which eastern parties underwrote and purchased our bonds, thereby putting us in funds to construct the road. If we can succeed in securing necessary rights of way and franchises, we expect to begin actual construction as soon as spring opens, and hurry it forward to an early completion.

"The only thing which can prevent the construction of this road will be our inability to secure proper rights of way and franchises.

"Very respectfully yours,
"A. W. JONES, President."

CLEANED UP THE ALLEY

Fighters Wiped One Spot Free From Mud By Their Exertions.

A fight at the rear of Stella Mears' saloon in the alley this afternoon caused a big crowd to assmble and much excitement prevailed. The participants are not known, but from the way in which they handled their fists they certainly are good fighters. Fearful blows were landed numerous times and before the scrap was at an end the alley was wiped practically clear by the clothing of the ruffians.

One of the fellows was finally beated and then was taken to a saloon for treatment. The other one ran from the scene and escaped arrest.

On a Hunting Trip.

Messrs. John Ecker and Lysle Wiens are across the river today on a hunting trip. They have five dogs, two ferrets and a supply of Buffalo Lithia water. Their friends are anxiously awaitnig the outcome of the trip.

HEAVY DAMAGES ARE ASKED BY EX-PASTOR AND WIFE

Licensed to Wed.

Lisbon, November 18.—(Special.)—Harry Thomas and Daisy Harvey, both of East Liverpool; Thurman O. Blythe, of New Garden, and Margaret Little, of New Middleton; Oscar Hiveley and Ollie McKidowney, of Salem; Rosalia Altomare and Angelo Altomare, both of Leetonia, have been granted marriage licenses.

Quadruplets in Canton.

Canton, November 18.—Mrs. Josephine Ormsby and the quadruplets, who attracted national attention on the occasion of their birth a little over a year ago in Chicago, have arrived in Canton to pay a visit to Mrs. Ormsby's former home. After a tour for exhibition purposes they expect to locate here permanently.

Married at Lisbon.

Lisbon, November 18.—(Special.)—Charles Tolby, of Allegheny, and Miss Adelaide Sterling, of Lisbon, were married at 11 o'clock today at the home of the bride in this city. Rev. A. W. Lytle, of the U. P. church, officiated. They will live in Allegheny.

Settled at Defendant's Cost.

Lisbon, November 18.—(Special.)—The case of Brennan & Co., of Detroit, against A. B. Smith, of Wellsville, has been settled at defendant's costs. Plaintiff had sued for the pay for two engines.

Rev. E. W. Reinhart, of Salineville, Wants $20,000 For Alleged Slander.

A CHURCH OFFICER DEFENDANT

Lisbon, November, 18.—(Special)—Two sensational damage suits have been filed in the clerk's office. Rev. and Mrs. Elmer W. Heinhart each petitioning for judgment against Louis Rodney J. Griffith, for $10,000 as damages for alleged malicious slander.

Rev. Mr. Reinhart was formerly pastor of the Church of Christ at Salineville. He alleges that in May, 1902, the defendant with intent to injure his good name and bring him into disgrace circulated a report which resulted in his expulsion from the Salineville pastorate and disbarred him from securing a pastorate elsewhere. Griffith is an officer of the Salineville church.

The petition quotes statements which reflect upon both Mr. and Mrs. Rinehart before their marriage, and allege a criminal operation.

Rev. Mr. Rinehart alleges tht Griffith reported this malignant slander on many occasions and to many persons. F. W. Lones, of Wellsville, is the plaintiff's attorney.

Nothing in the Way of Building Trolley Line to This City Except Getting the Right of Way.

OFFICIALS NOW IN THE CITY AND AT WORK

Prospects are brightening for the building of the Youngstown & Southern Electric railroad from Youngstown to this city, via Lisbon. J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department of the road, are in the city today, looking after rights of way, and meeting with much encouragement.

There is ample capital back of the project, and if the rights of way are secured without difficulty, there is every reason to believe that the long talked of connection of this city and the county seat by an electric line will be effected within a year.

Additional assurance that the road will be built, and speedily, is promised in the following letter to the News Review from Gen. Asa W. Jones, president of the railroad company. Everybody who knows Gen. Asa Jones knows that he does not indulge in visionary schemes, but when he takes up a thing, he does so for business reasons and intends to push it along to success. It will be recalled that the News Review was the first paper in East Liverpool to publish an account of the surveys made by the Youngstown & Southern. Gen. Jones' letter follows:

Youngstown, Ohio, Nov. 15, 1902.
"Editor News Review, East Liverpool, Ohio:

"My attention has been called to your article in reference to the Youngstown & Southern Railroad company, in your issue of last evening. We have been trying to keep the matter as quiet as possible, hoping thereby to avoid some difficulties, but as you have told a good many facts, and thus made them public, it is perhaps just as well that you be fully informed, thus taking the good public into our confidence.

"Our route between termini has not yet been fully determined, but we are looking for the route that will give us both a good line, and plenty of business, and we believe we will in the end secure it. I assure you that we are not securing rights or franchises to sell or put into the market, or to hold for the purpose of getting in the way of a genuine enterprise.

"Our first intention was to construct a road from Youngstown to Columbiana, and for that purpose we secured substantially all of the private rights of way, but when we went east to write up and execute our contract for the underwriting and sale of our bonds with parties who had assured us they would do so, we met this proposition. The eastern parties said: 'Why not extend that line to East Liverpool? We will underwrite your bonds and furnish the money, if on examination by an expert the prospects look favorable.'

"The expert went to East Liverpool and spent some days there in a quiet way, as some of your citizens know. The result was he made a favorable report, and after that we secured a very favorable contract by which eastern parties underwrote and purchased our bonds, thereby putting us in funds to construct the road. If we can succeed in securing necessary rights of way and franchises, we expect to begin actual construction as soon as spring opens, and hurry it forward to an early completion.

"The only thing which can prevent the construction of this road will be our inability to secure proper rights of way and franchises.

"Very respectfully yours,
"A. W. JONES, President."

CLEANED UP THE ALLEY

Fighters Wiped One Spot Free From Mud By Their Exertions.

A fight at the rear of Stella Mears' saloon in the alley this afternoon caused a big crowd to assmble and much excitement prevailed. The participants are not known, but from the way in which they handled their fists they certainly are good fighters. Fearful blows were landed numerous times and before the scrap was at an end the alley was wiped practically clear by the clothing of the ruffians.

One of the fellows was finally bested and then was taken to a saloon for treatment. The other one ran from the scene and escaped arrest.

On a Hunting Trip.

Messrs. John Ecker and Lysle Wiens are across the river today on a hunting trip. They have five dogs, two ferrets and a supply of Buffalo Lithia water. Their friends are anxiously awaitnig the outcome of the trip.

HEAVY DAMAGES ARE ASKED BY EX-PASTOR AND WIFE

Licensed to Wed.

Lisbon, November 18.—(Special.)—Harry Thomas and Daisy Harvey, both of East Liverpool; Thurman O. Blythe, of New Garden, and Margaret Little, of New Middleton; Oscar Hiveley and Ollie McLaidowney, of Salem; Rosalia Altemare and Angelo Altemare, both of Leetonia, have been granted marriage licenses.

Quadruplets in Canton.

Canton, November 18.—Mrs. Josephine Ormsby and the quadruplets, who attracted national attention on the occasion of their birth a little over a year ago in Chicago, have arrived in Canton to pay a visit to Mrs. Ormsby's former home. After a tour for exhibition purposes they expect to locate here permanently.

Married at Lisbon.

Lisbon, November 18.—(Special.)—Charles Tolby, of Allegheny, and Miss Adelaide Sterling, of Lisbon, were married at 11 o'clock today at the home of the bride in this city. Rev. A. W. Lytle, of the U. P. church, officiated. They will live in Allegheny.

Settled at Defendant's Cost.

Lisbon, November 18.—(Special.)—The case of Brennan & Co., of Detroit, against A. B. Smith, of Wellsville, has been settled at defendant's costs. Plaintiff had sued for the pay for two engines.

Rev. E. W. Reinhart, of Salineville, Wants $20,000 For Alleged Slander.

A CHURCH OFFICER DEFENDANT

Lisbon, November, 18.—(Special)—Two sensational damage suits have been filed in the clerk's office, Rev. and Mrs. Elmer W. Heinhart each petitioning for judgment against Louis Rodney J. Griffith, for $10,000 as damages for alleged malicious slander.

Rev. Mr. Reinhart was formerly pastor of the Church of Christ at Salineville. He alleges that in May, 1902, the defendant with intent to injure his good name and bring him into disgrace circulated a report which resulted in his expulsion fron the Salineville pastorate and disbarred him from securing a pastorate elsewhere. Griffith is an officer of the Salineville church.

The petition quotes statements which reflect upon both Mr. and Mrs. Rinehart before their marriage, and allege a criminal operation.

Rev. Mr. Rinehart alleges tht Griffith reported this malignant slander on many occasions and to many persons. F. W. Lones, of Wellsville, is the plaintiff's attorney.

WITH THE WORKMEN IN THE CLAY PLANTS

POTTER'S ART FOR DENTISTS.

Modern dentistry is accomplishing wonders in the way of preserving and enhancing the beauty of the teeth, and in this direction the newest achievement is the porcelain filling, says an exchange. No longer is it necessary to have a "cavity" plugged with gold, so as to make the repair work conspicuous to the eyes of other people. One may have it simply filled with material which is to all intents and purposes just like the substance of the tooth itself, matching the latter perfectly, and being practically invisible. To begin with, a mold of the cavity is obtained by pressing into it a bit of extremely thin platinum foil. The foil being then taken out, it forms a little cup of exactly the shape of the hole in the tooth. Next a series of porcelain teeth of different shades are placed in juxtaposition with the tooth that is to be filled, until a perfect match is found. The porcelain tooth selected has a number, which corresponds to one of a series of little boxes containing powdered porcelain mixtures.

DEMAND IS STRONGER.

Business at the Thompson has been a little dull for the past few days but not to a noticeable extent. It is picking up again and it is likely that there will be no lull during the period between the fall and spring seasons. The demand for decorated goods is better than it was a week ago and five crews of girls are necessary to keep the new tinting machine busy and an additional tinting machine is being installed in anticipation of a rush in this department. A change of body has been discussed but nothing has been definitely decided as yet. They have been making several grades of yellow, Rockingham, C. C., and pearl white wares. If the proposed change is made they will manufacture nothing but white granite. A new stairway at the western end of the building may be made in the near future. The work of whitewashing the interior is progressing rapidly and the clay shops will be completed today. This make it much pleasanter and gives more light to the men.

BOUGHT MORE GROUND.

Harry Peach has sold to the East End Porcelain works seven lots adjoining its plant in the East End. The deal was only recently consummated, and the consideration has not been made public. Although this concern has been in operation only about six months, it has been doing a thriving business and it is stated that the present equipment has been found inadequate to fill orders promptly. It is thought that the intention of the company in acquiring this additional ground is to erect more buildings and enlarge the plant so that business can be better taken care of.

REPORTS TRADE QUIET.

Frank, George, salesman for the East Palestine Pottery company, a former East Liverpool resident, making Columbus his home, said to the Columbus correspondent of this paper that he would spend but little time on the road between now and the first of the year. He stated that trade was quiet now and that the dealers generally were complaining at their inability to unload their fall and Christmas stock as rapidly as expected. He thought, however, that when the Christmas trade opened it would be very active. He thinks that business will come all at once.

ANNIVERSARY RESOLUTION.

"Resolved, That we declare our unfaltering fealty to the trade labor movement of our country, devoting our best efforts to the uplifting of the wage earners of our country, giving them hope and encouragement and appealing to them to unite with organized workers, so that the fraternity of man, of the world, may be achieved at the earliest possible date." This is the message sent out by the American Federation of Labor on the twenty-first anniversary of its birth to the laboring men throughout the world.

PIONEER SEWER PIPE MAN.

George E. Carlisle died at his home in Winchester, Ky., Saturday night, aged 75 years. Mr. Carlisle was the pioneer of the sewer pipe business in the Ohio valley, and with the late John McFadden, of Toronto, built the first pug mill at Toronto, grinding the clay by horse power. He was widely known throughout the Ohio valley, and highly esteemed by many friends. He sold his business interests in Toronto fifteen years ago and moved to Winchester, where he has since made his home. He leaves four children, all of whom are married and comfortably settled in life.

DRILLING FOR OIL.

Peter McDevitt, of the dipping department at the Thompson, will be in a position to quit the business if he has a fair share of luck. This week workmen commenced the erection of the rigging of an oil derrick on his property near Smith's Ferry and the well will be sunk as soon as all is in readiness. The prospect is good for a rich strike, as there are a number of good producers in that vicinity. His many friends at the plant are hoping that Dame Fortune will smile on him.

NIGHT WORK NECESSARY.

The ordinary working day is not long enough to keep abreast of orders at the William Brunt plant and several of the departments are working over time. The decorating department, in spite of its many additions during the past month, are working far into the night to keep up with the demand, and the dipping department is making extra time. At the present time the demand is for the most part for decorated ware and big shipments are being made daily.

TAKEN PRINTING MACHINE.

Edwin Stuckrath has taken charge of the new printing machine at the William Brunt plant and will also have supervision of the girls who keep the machine busy. So far he has been very successful. His prints have been good and strong and work very nicely. Mr. Stuckrath formerly held a position in the warerooms of the pottery.

MR. SWINDELL IMPROVING.

The many friends of the venerable William Swindell, boss packer at the Thompson, will be pleased to learn that he is recovering from his recent serious illness. He is able to be out of bed and if the improvement continues will be at work again in a few days.

HAS SCARLET FEVER.

Miss Isa Peese, of the decorating room at the Thompson, was taken ill several days ago with scarlet fever, and has since been confined to her home on Second street. The disease is in a mild form and no serious results are anticipated.

IN HIS NEW HOME.

August Krummel, of the top kiln crew at the Thompson, was off duty yesterday superintending the removal of his household goods to his new home in the East End.

SERIOUSLY ILL.

The serious illness of Milton Martin, a well known presser at Laughlin No. 2, was reported yesterday. He is confined to his home in the East End with a boiled head, which is causing him considerable anxiety and pain.

AMONG THE SICK.

Misses Bertha Shriver, Phoebe Shaffer, Minnie Connors and Gertrude Drake and Mrs. Norton, of the decalcomania department at the William Brunt pottery, were reported among the sick yesterday.

MAY BUILD A HOME.

George Hamilton, boss of the glost kiln crew at the Thompson, was out at Pleasant Heights yesterday looking for a desirable building lot. He will build himself a home if he finds a suitable location.

CAPITAL INCREASED.

The Bell Pottery company, of Findlay, which is building a large pottery in Columbus, has increased its capital stock from $250,000 to $300,000. E. F. Bell is president and W. J. McClure secretary.

NOW AT THE BRUNT.

Miss Annie Burns, of the decorating room at the Thompson, has resigned her position at that plant and accepted a similar one at the William Brunt pottery.

RETURNED TO WORK.

Oliver French, of the packing department at Thompson's, who has been very sick for the past week, returned to work yesterday.

AMONG THE POTTERS.

Miss Annie Straile has changed at the Thompson, and is now finishing bowls.

Butler Peterson, ware carrier at the Thompson, was reported among the sick yesterday.

Miss Martha Hendricks, of the decorating room at the William Brunt, is reported to be seriously ill at her home on Sixth street.

Misses Emma Riedel and Zelma Ludzinsky, of the decalcomania department at the William Brunt, were Pittsburg visitors today.

Miss Eva Stone, forelady of the decalcomania department at the William Brunt, has been quite ill for the past few days with throat trouble.

Harry Skelton, of the glost end at the Thompson, has let the building of his new home to contract. It will be built on his Fairview avenue property.

Miss Nellie Darrow, of the decorating room at the Thompson, who was severely burned two weeks ago about the face and arms in an explosion of gas at her home on Sixth street, has returned to work again.

MINERS ON A STRIKE

One Hundred Men at Cherry Valley Mines, at Leetonia, Have Quit Work.

The miners employed by the Cherry Valley Iron company, at Leetonia, are out on a strike. The men have been out since Saturday, and no progress toward a settlement has been made.

According to a statement of the case made by a Washingtonville resident, the miners are out because the company refuses to clean away the slate which accumulates in the rooms. It is claimed that with each blast from one or two feet of slate falls down on the coal. The men want pay for handling and cleaning away this slate, and the company, it is claimed, refuses to pay for it. After notice of their demands had not been granted, the men went out. It is said that over 100 men are affected.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative

which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. **Mull's Grape Tonic is guaranteed or money back.**

SPELLING BEE TONIGHT

Protected Home Circle Will Entertain Neighboring Lodges And Initiate Twenty Candidates.

A class of twenty will be initiated tonight by the Protected Home Circle at their headquarters in Larkin & Ferguson hall. The regular order of business will be curtailed as much as possible and after the initiation ceremonies are over there will be an old fashioned spelling bee. J. E. Davis and Miss Odessa Owens have been selected as captains and they will divide the house into two sides of equal numbers. D. F. White will announce the words and the judges will be selected from the house. There will be a prize for the best speller and a consolation prize for the one who first fails to spell his word correctly. Refreshments of sandwiches and coffee will be served. The members of the East Liverpool, Wellsville and Chester lodges have been invited and it is expected that they will respond in large numbers.

The initiation of the twenty additional candidates will bring the total membership of the lodge up to about 425, by far the largest of any lodge in the county.

STORM OF PROTEST

People of the East End Mad Over Turn Down of Bond Issue Resolution.

The evident disposition on the part of the city council to assess the entire cost of the improvement of Pennsylvania avenue on East End people, even though they do not live on the line of the improvement, is causing a storm of protest. This morning the matter was freely discussed by a number of prominent citizens who will be compelled to stand a good share of the cost and to a man they think it an unjust taxation.

Up until this morning the much moted question had not received much attention but it become a paramount issue when at the meeting of the council last evening the resolution presented by Councilman Marshall was turned down. This resolution provided that the matted be submitted to a vote of the entire corporation to determine whether or not the bonds should be issued to pay for the improvement. The East Enders considered the resolution in the light of a relief measure for them and they think that it should have been given favorable consideration. They contend that the improvement benefits the entire city and that the entire city should help to pay for it. "If we are compelled to do all the paying," said a man of prominence this morning, "I would be in favor of charging a toll for those who do not live in the East End, if this were possible."

A number of remarks antagonistic to the political aspirations of the councilman who voted against the resolution were heard from men of prominence in East End political affairs.

Mr. and Mrs. Edmonds Improving.

Mr. and Mrs. David Edmonds, of Dry Run, in Colhoun's addition, who were murderously assaulted Sunday afternoon by their son Elza, who was in a drunken frenzy, are much better today, although still in a great deal of pain from their wounds. Mrs. Edmonds has stated that one night about two weeks previous to the assault Elza came home from down town and insisted on sleeping in the room with her. She was alarmed at his actions, but humored him. The boy alluded to a burglary that had occurred in the neighborhood and told his mother that a burglar might enter the house and kill her, and that if she was to be killed he wanted to do it himself.

Miss Vincent Entertained.

One of the pleasantest social functions of the season was the reception several nights ago at the home of Miss Annie Vincent, on Pennsylvania avenue, East End, for the gilders at the Thompson pottery. The guests numbered fourteen and enjoyed the evening immensely with dancing and cards. Enticing refreshments were served.

Car Killed Dog.

A street car run down an unknown and homeless dog on Mulberry street yesterday afternoon and injured it so badly that it had to be killed. Quite a crowd collected around the unfortunate animal and one of the number was selected as its executioner. Several hard blows on its head were administered, but the dog refused to give up the ghost, and not until Officer Fisher had sent five bullets into it was it pronounced a corpse.

Dr. Marshall's Redistricting Plan.

The article in the News Review yesterday concerning the new boundary lines for the wards of the city unintentionally misquoted the plan of Dr. R. J. Marshall, councilman from the Fifth ward. Dr. Marshall does not propose to divide the proposed First ward with Pennsylvania avenue, north of Ralston crossing, as stated. The boundary lines would remain as they now are except that the territory south of Pennsylvania avenue between Ralston crossing and Broadway would be added to it. This removes the objections to his plan heard in the East End yesterday.

EAST END AFFAIRS.

Isaac Hoffman is reported to be seriously ill with typhoid fever at his home on St. George street.

Miss Minerva Thoms, of St. George street, left this morning for Shippingport, Pa., to attend the funeral of her brother Jonathan O'Brien.

Samuel, the four year old son of H. L. Bradmon, of Pennsylvania avenue and Mary Pyle, his little nieces, who were taken ill Saturday with scarlet fever are reported better today.

Warren Horger, of St. George street, turned nimrod yesterday and spent the day in the woods. He returned in the evning with a rabbit less than half grown and his friends say that he run it down.

General DeWet, late of the Boer army, has written a book. In it he scores England, as was to be expected, but is more severe on his own people. He says that among them stupidity, cowardice, lack of discipline, faithlessness and abominable treason were to be met with among them to an appalling degree. Had there not been so many traitors in their own camp the Boers would never have been so utterly defeated. It is quite evident that General DeWet does not expect to return to Africa to live.

Ohio is almost out of debt and has over $3,500,000 in the treasury. No wonder the people voted strongly against putting any new brand of tax reformers into office. The financial status of Ohio is an object lesson to the whole country. The administration headed by Governor Nash has accomplished wonders. It would have been a sad mistake not to continue it in power, and the voters saw the fact plainly.

"General Grosvenor says it would be tampering with prosperity to meddle with the tariff. But of course this is largely a post-election opinion," remarks the Cleveland Plain Dealer. If we mistake not, it was an ante-election opinion, too. In any event, the verdict of the opinion, as expressed at the polls, was too plain to be disregarded.

A test case on the "grandfather clause" in the new Alabama constitution will be heard before very long by the United States supreme court, and owing to developments at the recent election the negro disfranchising provisions of the new Virginia constitution will also be tested.

It is the special duty of the inspector general of the army to criticise, yet this is what Inspector General Breckenridge says of the American soldiers in the Philippines: "The humanity of the troops engaged in the Philippines has no parrellel in the history of dealing with Asiatics."

An American firm has received a million dollar contract to lay telephone conduits in St. Petersburg. About the only regions which Yankee enterprise has not penetrated lie at the poles, and we are getting nearer them every year.

General Chaffee advises taking a leaf out of England's book in the treatment of native princes and buying out the sultan of Jolo. With the sultan's title paid for and suppressed, he forecasts an easy task with the Moros.

Unfortunately the rain abated before it had half cleaned the streets of East Liverpool. But why do we need to depend upon such an agency when we have a street cleaning department costly enough to be efficient?

It has been truthfully remarked that the greatest work we can do for the future is to educate the children of the present. And in that work America leads the world.

The Pennsylvania railroad officials are reported at their wits' ends to know what to do with their heavy freight traffic. But it does not appear to have occurred to them that they could be relieved of a portion of the strain by encouraging some of their rivals to step in and get a share.

Never mind, Teddy; if you don't bag a bear in Mississippi, there are still a few left in Wall street, and it is sometimes very easy to bring them down.

Sebring is a young town, but it is setting an example for its older neighbors in the matter of reaching out for new industries and getting them.

Brazil has inaugurated a new and progressive president. Other South American republics might save trouble and war expenses by doing likewise.

The Russian language is to be taught in some parts of China. This is not only adding to but multiplying China's troubles.

Bryan is still warring on other Democrats. He knows he must go on the political shelf, but he does not want to go alone.

OBITUARY

Mrs. Anna Cunningham.

Mrs. Anna Cunningham, aged 32 years, died at her home in Gardendale this morning from brain fever after an illness of about two weeks. The hour for the funeral has not been set but it will take place Thursday afternoon at the Gardendale chapel. She was highly respected and had a large circle of friends. She leaves two children, one four years and the other one year of age.

Death of a Child.

A 15 months old child of David Berg, of Liverpool street, Wellsville, died at its home last evening after being sick for several weeks. The child was born in Sweden, and was brought to this city several months ago by its parents. Mr. Berg is an employe in the mill. The funeral will be held at 2 o'clock tomorrow afternoon.

AT THE THEATER

The Chicago Stock company, which is here for the week at the Grand, had a crowded house for its opening performance last night. The bill was "The Prince of Tramps," a comedy drama, and it was excellently presented. The company is much better than the usual run of week stand troupes and several of their performers are particularly clever. The between acts specialties last evening were new and pleasing. "Carmen" will be presented tonight.

Found Much Game.

Messrs. John Rinehart and John Robinson were over in West Virginia yesterday on a hunting expedition and returned with 14 rabbits and 7 birds. Both men are considered as good shots as there are in town and have made some enviable records on former hunting trips.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

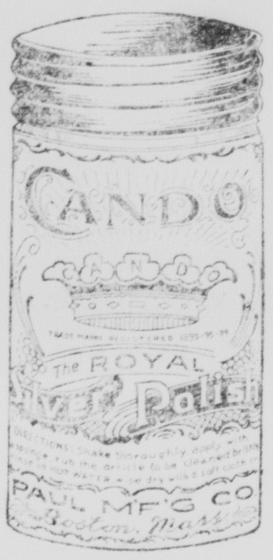

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

John H. Brown Has Contract to Carry Mails Between Postoffice And Station.

The project which was mentioned in this paper a few days ago after the mail bag was stolen lately, about the wagon which was to carry the mail between the local postoffice and the passenger depot has not been abandoned. John H. Brown, the well known confectioner and milk dealer of Market street, has signed a contract with the railroad company to carry the mail between the points named. Mr. Brown will assume his new duties tomorrow morning. He intends to fix his wagon like the wagons owned by the railroad company and used in other cities.

The contract is for five years and stipulates that Mr. Brown shall carry the mails to and from all the day trains. Mr. Brown was compelled to furnish $500 bond. Arthur Campbell, now employed to carry the mails, will become assistant baggage master, a help which has been badly needed, as a man from the freight depot had to help Mr. Smith, the baggage agent, on special occasions when the work was too heavy for one man. The new state of affairs will be appreciated, especially by the traveling men.

Granted a Divorce.

Lisbon, November, 18.—(Special)—Judge Hole granted a divorce yesterday afternoon to Mrs. Nannie Wise, of East Liverpool. She was married to W. W. Wise, at Beaver Falls in 1884. Three children were born to them. Desertion and non-support were charged against him. He went to California in 1899.

Sued on a $410 Claim.

Lisbon, November, 18.—(Special)—The Wellsville Improvement company has filed an action against James R. Moores for the collection of payments on the sale of lot 290 in Clarke & Michaels' fifth addition to Wellsville. The contract price was $410, none of which has been paid.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. FIGURES ON COST OF LIGHT PLANT

INTERESTING DATA LAID BEFORE WELLSVILLE COUNCIL.

Question of Bond Issue to Build Plant And Pumping Station to Be Voted On.

There were only seven members of council present at the meeting last evening and much less business was transacted than was expected. The appointment of Fred Houser as chief of police of the city was confirmed by council and Mr. Houser was later sworn in by the mayor.

A few bills were ordered paid. An ordinance was put on first reading fixing the grade line of Highland avenue from the easterly curb line of Spring Garden to the center line of Liverpool street.

The equalizing board on the Lisbon street paving assessment from First street to Fourth street gave in a written report. It showed that only a few changes had been made. It was confirmed by council. A bond ordinance for the work was placed upon its first reading.

City Solicitor Boyd read portions of the new code bill and suggested that some action be taken toward proceeding with the work required by the code. The president of council was instructed to appoint committees to take up the code matter and appointed the following, to report at the next meeting: On board of public service, McCormick, Shoub and McLane; board of public safety, Whitacre, Aughinbaugh and Bissett; board of tax commission, Weaver, Smith and Henderson; redistricting of wards, Weaver, Shoub, Whitacre, McLane and Smith, one member from each ward; bonds and compensations, the finance committee, composed of Whitacre, Shoub and Brennan.

Mr. Boyle, a representative of the R. W. Hunt company, of Pittsburg, gave figures upon the cost of a municipal light plant, which were asked for by council from the water works board some time ago. Figures upon the cost of five different styles of plants were given. They are as follows:

Combination light plant and pumping station, propelled by gas engines, extreme cost, $81,626.15; combination light plant and pumping station, propelled by steam engines, extreme cost, $80,226.40; light plant propelled by gas engines, extreme cost, $23,667.50; light plant propelled by steam engines, extreme cost, $23,292.50; originally proposed pumping station, extreme cost, $51,488.68.

These figures are based upon the most expensive equipment in the market. About $5,000 would be the extreme outside figure for the material for the second plant mentioned which the Hunt company advises council to decide upon, and would fit up a plant with a capacity of 150 lights. The total cost per year for operating this plant would be $17,913.12. The present electric lights cost the city about $85 per lamp per year. The estimated cost per lamp with the second plant mentioned would be $65.

President A. S. Rogers, of the water works board, stated that the board could secure a suitable site for a plant in the West End for between $1,200 and $1,500.

A motion was passed that council submit the question of expending $20,000 for a municipal light plant and pumping station to the people, allowing them to vote whether they wanted it or not.

Another report of the finances of the city was read to council by the clerk. It showed that there was no more money in the sewer fund, which means that no more sewer work can be done for the present. It also showed the street fund to have been overdrawn over $7,000.

Council adjourned to meet next Monday evening in special session.

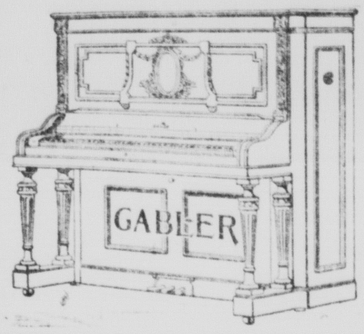

Says Dog Case Is Not Settled.

James Madden says that no agreement of any kind whatsoever has been settled upon between William Timmons and himself in regard to the dog case. He states furthermore that Mr. Timmons will have to prove to him that the dog rightfully belongs to him before Madden will drop it. The dog is at present in the possession of Mr. Timmons, bond in the amount of $50 having been put up, and it is expected the case will be tried again in a few days.

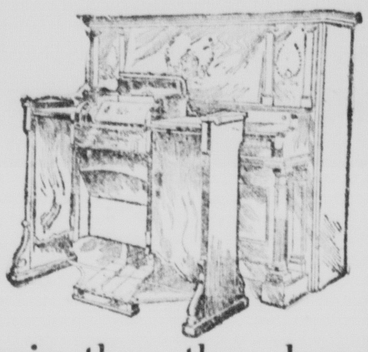

A Fine Entertainment.

The music and literary entertainment given last evening in the Potters' hall was one of the best entertainments of its kind that has been given in this city for some time past. The program, as published in the News Review yesterday, was carried out in excellent style. The entertainment was given by local union No. 24, N. B. of O. P., and was only the first of a series of these entertainments to be given by the local this winter.

Good music is furnished by the selected choir. Dr. Tracy will talk this evening upon "Twentieth Century Girls."

Last of An Old Family.

Joseph Jenkins, 80 years old, died at the residence of his daughter, Mrs. L. P. Chester, 509 Coal street, Wilkinsburg, Pa., on Saturday, as the result of a fall. Mr. Jenkins was the last surviving member of the old Jenkins family of Wellsville. He was a brother of John M. Jenkins, deceased, one of the pioneer lawyers of Ohio. He was a member of the First M. E. church, of McKeesport. He is survived by one daughter.

Powell Still Missing.

The whereabouts of C. J. Powell, the local grocer who mysteriously disappeared a week ago, are still unknown, and it is now the popular belief that he will never again show his face in this city. Several claims have been entered against his store. The report that Powell went away with Mrs. Mattie Delaney, of the West End, has been denied, and it has since been learned that Mrs. Delaney only went to Smith's Ferry, Pa.

Farmer Claims It And Friends of the Dead Are Removing Bodies.

Robert Hobbs will go out to his home in Fairview today, to take charge of removing his father's remains from their present location in the Fairview cemetery to the New Cumberland cemetery. The burial ground at Fairview, which was laid out only a few years ago, is now in litigation. It seems that no deed has ever been made for the plat and no one seems to have any control over it.

The farm on which the cemetery is located was recently sold to A. S. Stewart, who claims the entire original tract and in all probability can hold it. A number of prominent citizens of Hancock county have been buried there, and as their friends have no recourse by which they can hold their ground nothing remains to do but remove the bodies.

Water Company Busy.

The Southside Water company is rushed to the limit in laying water mains to the fast increasing population in Chester. TO USE A MAIL WAGON

John H. Brown Has Contract to Carry Mails Between Postoffice And Station.

The project which was mentioned in this paper a few days ago after the mail bag was stolen lately, about the wagon which was to carry the mail between the local postoffice and the passenger depot has not been abandoned. John H. Brown, the well known confectioner and milk dealer of Market street, has signed a contract with the railroad company to carry the mail between the points named. Mr. Brown will assume his new duties tomorrow morning. He intends to fix his wagon like the wagons owned by the railroad company and used in other cities.

The contract is for five years and stipulates that Mr. Brown shall carry the mails to and from all the day trains. Mr. Brown was compelled to furnish $500 bond. Arthur Campbell, now employed to carry the mails, will become assistant baggage master, a help which has been badly needed, as a man from the freight depot had to help Mr. Smith, the baggage agent, on special occasions when the work was too heavy for one man. The new state of affairs will be appreciated, especially by the traveling men.

Granted a Divorce.

Lisbon, November, 18.—(Special)—Judge Hole granted a divorce yesterday afternoon to Mrs. Nannie Wise, of East Liverpool. She was married to W. W. Wise, at Beaver Falls in 1884. Three children were born to them. Desertion and non-support were charged against him. He went to California in 1899.

Sued on a $410 Claim.

Lisbon, November, 18.—(Special)—The Wellsville Improvement company has filed an action against James R. Moores for the collection of payments on the sale of lot 290 in Clarke & Michaels' fifth addition to Wellsville. The contract price was $410, none of which has been paid.

Dismissed at Plaintiff's Cost.

Lisbon, November, 18.—(Special)—The mysterious case of Esther Lock against William Weber, both of Lisbon, was dismissed at the plaintiff's costs without prejudice.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

DAMAGE CLAIMS AGAINST THE CITY

Excellent Legal Talent to Be Secured For Purpose of Fighting Them.

DEFENSE TO BE MADE

Eight Suits Now Pending And Soon to Be Disposed of—Railroad Committee of Council Insists That the C. & P. Must Make Concessions.

One of the busiest days known in councilmanic circles for a long time was yesterday. At 1:30 a meeting of the special committee appointed to investigate damage claims pending against the city, all of which are docketed to come up in the common pleas court at Lisbon this week, was held.

The committee was made up of Dr. Marshall, Messrs. Peach and Johnson. Solicitor McGarry, who had the cases for the plaintiffs in the beginning, and who asked that he be relieved from defending them in behalf of the city on that account, was present and offered suggestions. It was found after very careful deliberation that the city had a strong case, and though there were several technical points upon which the court would have to be made clear. For this reason it was deemed advisable to retain the very best legal talent obtainable to represent the city.

There is an abundance of evidence in the city's favor, nearly all of which has been unearthed within the past week, and preparations are now being made to have it in shape within the next few days that it will do some good at the trial of the suits.

In all there are six cases of the same character, and damages are claimed in each for the appropriation of certain portions of the defendant's lots by the city for road purposes. The property owners will ask $6 per foot front for all the ground taken. The city hopes to show that by an old agreement between the original owners and those representing the city at that time the land was to be deeded to the municipality for road purposes.

It was decided that Hon. R. W. Tayler, of Lisbon, and A. H. Clark and W. K. Gaston, of this city represent it.

In addition to these six suits the city has two others to defend. They, too, will be up this week. One is that or David O'Hanlon, against the city, in which he asks damages for cutting away a portion of the front of his property on Lisbon street. The case has been in the court for several years.

The other is the claim of Mrs. Lucinda Martin versus the city. This last is also a damage claim. Both have been placed in the hands of A. H. Clark by the solicitor who had them for the plaintiffs originally.

The railroad committee composed of Messrs. Peach, Bullock, McConnell, Nice and Marshall, met immediately after the adjournment of the other, and plans were perfected for the city's attitude toward the Pennsylvania company in its attempt to cross the city streets with a double track. There are a large number of concessions which the city expects to receive at the hands of the company, and these matters were talked over at length. The committee takes the position that if the city desires to compel the railroad people to observe certain regulations that will work to the advantage and convenience of the general public, the time to ask these concessions is now when the company is out for something from the city on their own account. The entire council backs the committee in this, and it is probable before the Cleveland & Pittsburg double track is started through this city it will have to agree to many things in the way of better facilities and accommodatons for the traveling and shipping public.

Steubenville Hunter Crippled.

Steubenville, November 18.—The first serious shooting accident in Jefferson county the present season, occurred yesterday morning, when Con. Hutterly, the well known young shoe merchant, of Floto & Hutterly, received injuries that will cripple him for life. The accident occurred on the William Stone farm near Dry Fork, in a very peculiar manner. Hutterly was carrying his gun on his shoulder when it slipped and fell to the ground. It went off and Hutterly's right foot received almost the full contents, two of his toes being partly blown off.

More Smallpox at Steubenville.

Steubenville, November 18.—Two more cases of smallpox or varioloid have been reported from lower Wells street in the family of Mrs. Foltz, the victims being her little girls, Gertrude and Florence. They were both recently vaccinated, and the board hopes the cases will be light.

REALM OF SPORTS

ROVERS VS. SEBRING

A Spirited Game At the West End Park Promised For Saturday Afternoon.

During the remainder of the season interest will no doubt center on the playing of the West End Rovers. It was generally conceded that the East Liverpool team was superior to the Rovers, but the latter aggregation was a close second and they will without a doubt put up some strong exhibitions during the next few weeks. They have been under strenuous practice for some time and have hardened themselves down to a point where they have every confidence and can back it up with real merit. On the gridiron in the West End park next Saturday afternoon they will play one of the fastest games of the season when they tackle the strong team of Sebring. The lineups for the two teams will be as follows:

Rovers—Arb, right end; Tyson, right tackle; McDevitt, right guard; Amos, center; J. Hester, left guard; Heckathorn or Frazer, left tackle; Hardy, left end; Robbins or McAvoy, quarter backs; J. Coleman, right half back; Jones, left half back; Moore, full back.

Sebring—Christy, right end; Miles, right tackle; Jewel, right guard; Brown, center; Beck, left guard; Green, left tackle; Weikirt, left end; Turner, quarter back; Jones, right half back; R. Eddy, left half back; C. Eddy, full back.

REPORTED DISBANDED

East Liverpool Foot Ball Team Could Not Agree as to Pecuniary Recompense And Quit.

From an authentic source comes the information that the East Liverpool foot ball team has disbanded for the season. It was due to a failure in agreeing on the pecuniary compensation that each player should derive from the gate receipts. Manager John Walsh is in Pittsburg and no statement could be gained as to his side of the question.

The local admirers of the game were very much disappointed upon learning of the split-up. They were all anxious to witness the game between East Liverpool and Steubenville, and unless a new management takes charge of the local team the game will likely never be played. It was scheduled for November 29 and preparations were being made by scores to witness the contest.

When Manager Walsh departed for Pittsburg Saturday evening it was thought that he had gone there to complete arrangements with Manager Farren, of Steubenville, but it has been learned that such is not the case.

The D. C. & A. C., of Pittsburg, and the Steubenville basket ball team are arranging for a game at Rock Springs park at an early date.

A REMARKABLE DOG

Whose Owner Says He Was Enabled to Catch 25 Coons in Five Nights.

"I was out hunting five nights last week and caught just 25 coons," was the statement made to a News Review reporter by Thomas Blazer, of the famous Grim's bridge. "That sounds like a whopper, I expect," he continued, "but it is every word the truth. You see, I have a way of catching them that everybody don't know about, and that is why I got so many. When a man goes coon hunting the principal accompanying factor is a dog. And I guess I have got the best dog in the country. He is an awkward looking animal and no one would ever take him to be worth a penny. But he fools everybody.

"All I have to do is to get him into the woods, and if there are any coons there he will get them. Getting a scent he will run to the bottom of a tree, and if loud and impatient barking will have no effect on the little creature the dog will, when the distance is not too far, run and jump to the first limb and so on until he finds the coon. It would take lots of money to buy that dog from me, and I intend to make a record with him this season."

Gentlemen.—Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, headaches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this.

Visiting my sister, I found she was using

Dr. Caldwell's (Laxative) Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. OIL INSPECTOR FILES HIS REPORT

Examined a Vast Quantity of Illuminating Fluid During the Year.

VACANCY IN CIRCUIT COURT

Which the Governor Is Urged to Fill By Naming Theodore Hall, of Ashtabula—Wellsville Company Incorporated—Other Capital City Notes.

From a Staff Correspondent.

Columbus, November 18.—John R. Malloy, inspector of oils for the Second district, with headquarters at Columbus, has filed his annual report with Governor Nash, which shows that there were 245,685 barrels of illuminating oil inspected during the year ending October 1. There were 78,966 barrels of oil inspected at refineries in the First district and shipped into the Second district, the total amount of fees from all sources being $16,456.57. Fourteen deputy inspectors are employed in the Second district. The southeastern Ohio inspectors are Robert Love, Steubenville, who inspected 16,341 barrels and collected fees amounting to $1,$12.98; Robert H. Moore, Bellaire, inspected 9,587 barrels, fees, $479.40; J. Trueman Myers, Carrollton, inspected 624 barrels, fees, $31.20.

Speaker McKinnon, of Ashtabula, and other prominent politicians of that locality, called on Governor Nash yesterday to urge the appointment of Theodore Hall, of Ashtabula, as judge of the circuit court to succeed Judge Caldwell, who died several days ago. There are two other candidates for the place, Harry Hammer, of Painesville, and Allen Cox, of Conneaut. Judge Caldwell was appointed by Governor Nash to fill a vacancy caused by death. The governor hs already made 16 judiciary appointments, the largest number appointed by any governor. Last week the governor appointed his executive clerk, Hon. Charles C. Lemert, to fill a vacancy on the common pleas bench in the Kenton district.

The Menough Foundry company, of Wellsville, has taken out a certificate of incorporation. The capital stock is $25,000, which is divided into $50 shares. The incorporators are G. W. H. S., A. G., E. R., and M. F. Menough.

The trirty-third annual report of the Soldiers and Sailors Orphans' home at Xenia, shows that there were 944 pupils enrolled during the year. Columbiana county being represented among the number. The per capita cost, based on all expenses, was $180.75.

James A. Manning, of Ashtabula, successor to District Deputy Elmer E. Miller, of Canton, of the stationary engineers' board, is at work in his home town. Next week he will go to Canton where he will remain several days. Mr. Miller will make him acquainted with the territory. His Columbiana county itinerary has not been prepared yet.

The proclamation issued by the secretary of state says that there are 71 cities and 693 villages in Ohio.

CAMP CARS ATTACKED

RIGHT TO HOUSE FOREIGNERS IN THEM IS QUESTIONED.

Heavy Damage Suits Filed at Steubenville for Two Italians' Deaths.

Steubenville, November 18.—To test the right of corporations to compel their foreign laborers to sleep in camp cars where they have neither path or space to reach their work without walking along the railroad tracks, two heavy damage suits were filed in the clerk's office by Attorney A. C. Lewis on behalf of J. O. Naylor, administrator of Guiseppe Maroni and his son, Basil Marino, two Italians, who were killed near Unionport on August 21, 1902, the administrator asking $10,000 damages in each case.

The petition claims that on June 6, the railroad maintained a switch on a side track, and on the night of the accident a cut of cars was run in on the switch, unknown to the twenty-five foreigners who occupied the camp cars at the west end. In the morning they left the camp cars to walk between the tracks to their work, the two Marinos being in the party. During the night No. 8 passenger train is supposed to pass the camp cars and at the time of the accident the men believed that it had gone.

They were walking between the switch and east bound track, in a space of less than seven feet when a west bound freight came along. As it was passing, No. 8 on the east bound track appeared and without whistle or signal struck the two Marinos and hurled them to the ground.

In the petition the principal claim is that the railroad company should have an intelligent foreman to guide the foreigners who are not acquainted with the time of the various trains arrival, and for this reason they should have had some one to take charge of them after they left the camp cars. The petition also avers that the width between the cut of freight cars and the east bound track, over which the men were compelled to walk to work, was not wide enough to permit a man to pass in safety when a train was on both tracks. The two Marinos were not walking on the track, but on the narrow path, the onely one provided for them, and they were at no fault, but instead the railroad company was negligent.

As there are so many ignorant foreigners killed in the same way almost the suit has attracted considerable attention, and to protect itself from many other similar suits, the railroad company will make a determined fight.

A 250 BARREL WELL

The Latest Great Strike in the Knoxville Oil Field.

Another large well has been shot in the Knoxville oil field. The Crawford No. 7, owned by J. J. Crawford, was shot Saturday afternoon in the presence of several hundred people, many of them oil operators and others common sightseers, and a few moments after it was shot the oil began to flow at a tremendous rate, 250 barrels having flowed into the tanks in about 24 hours. This heavy flow is not expected to continue, but it is believed that it will not decrease much more than one-half for the present at least.

It was thought that the well would be a gusher, so advance preparations had been made for holding the oil. It was fortunate that this was done, as the oil was carried to the tanks and then through the pipe line to the Standard Oil company's refinery.

About the Freuenberger-Sinclair well all is expectancy. The boiler was removed 50 feet from the well several days ago, but the engines were kept at work, and slowly, drilling proceeds through the sand. So far about 25 feet of sand has been drilled through, and it is thought another day's work will complete the job.

TURNED WATER ON HIM

Sister of Martin Lisk Kept Him Out As He Was Trying to Break Down the Door.

Kicking like a maddened steer and drenched with water Martin Lisk was arrested last evening by Officer McDermott and landed in the city jail with a charge of disorderly conduct registered against him. Lisk was at the home of his sister, Mrs. Louis Orr, when taken in tow by the officer. He was at the back door and had smashed in the panels and was about to break the door from its hinges when interrupted. While he was carrying on in this manner, Mrs. Orr, after pleading with him to cease, adopted a novel plan to stop him.

With a wash pan she threw several gallons of water through the holes in the door which had been made by his kicking. To the officer he said that he wanted to get into the house to secure some clothing. He pleaded guilty when arraigned a few hours later and was fined $3 and costs. This amount, added to a former unpaid fine of $9.60, aggregates $17.20, and he will linger in jail until both are paid.

PROBATE MATTERS

Two Wills Filed, on One of Which the Probate Judge Could Not Rule.

Lisbon, November 18.—(Special.)—The will in the estate of R. H. Beeson, of Perry township, was filed for probate yesterday, but as Judge Boone was one of the witnesses he took no action. The will with application was certified to common pleas and Judge Hole ordered that they be admitted to record.

The will of the late James Mackall, Sr., of Middleton township, was admitted to probate, and a commission was issued to take the testimony of a subscribing witness at Canonsburg, Pa.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. In fact, I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 189 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nervine. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind.

OIL INSPECTOR FILES HIS REPORT

Examined a Vast Quantity of Illuminating Fluid During the Year.

VACANCY IN CIRCUIT COURT

Which the Governor Is Urged to Fill By Naming Theodore Hall, of Ashtabula—Wellsville Company Incorporated—Other Capital City Notes.

From a Staff Correspondent.

Columbus, November 18.—John R. Malloy, inspector of oils for the Second district, with headquarters at Columbus, has filed his annual report with Governor Nash, which shows that there were 245,685 barrels of illuminating oil inspected during the year ending October 1. There were 78,966 barrels of oil inspected at refineries in the First district and shipped into the Second district, the total amount of fees from all sources being $16,456.57. Fourteen deputy inspectors are employed in the Second district. The southeastern Ohio inspectors are Robert Love, Steubenville, who inspected 16,341 barrels and collected fees amounting to $1,$12.98; Robert H. Moore, Bellaire, inspected 9,587 barrels, fees, $479.40; J. Trueman Myers, Carrollton, inspected 624 barrels, fees, $31.20.

Speaker McKinnon, of Ashtabula, and other prominent politicians of that locality, called on Governor Nash yesterday to urge the appointment of Theodore Hall, of Ashtabula, as judge of the circuit court to succeed Judge Caldwell, who died several days ago. There are two other candidates for the place, Harry Hammer, of Painesville, and Allen Cox, of Conneaut. Judge Caldwell was appointed by Governor Nash to fill a vacancy caused by death. The governor has already made 16 judiciary appointments, the largest number appointed by any governor. Last week the governor appointed his executive clerk, Hon. Charles C. Lemert, to fill a vacancy on the common pleas bench in the Kenton district.

The Menough Foundry company, of Wellsville, has taken out a certificate of incorporation. The capital stock is $25,000, which is divided into $50 shares. The incorporators are G. W. H. S., A. G., E. R., and M. F. Menough.

The thirty-third annual report of the Soldiers and Sailors Orphans' home at Xenia, shows that there were 944 pupils enrolled during the year, Columbiana county being represented among the number. The per capita cost, based on all expenses, was $180.75.

James A. Manning, of Ashtabula, successor to District Deputy Elmer E. Miller, of Canton, of the stationary engineers' board, is at work in his home town. Next week he will go to Canton where he will remain several days. Mr. Miller will make him acquainted with the territory. His Columbiana county itinerary has not been prepared yet.

Committee, Mrs. Ella Kober, Mrs. S. J. Cripps.

Maccabees' Social.

Crockery City Tent No. 131, Knights of the Maccabees, are arranging for a social for next Friday evening. A committee on arrangements was appointed at the meeting last Friday night. During this meeting two candidates were initiated into the mysteries of the order and two applications for membership were received. The nominations for officers for the ensuing six months will be made Friday evening, and it is expected to have four more candidates for initiation. This with the social will provide a very interesting meeting.

Entertained Their Friends.

Messrs. George and Leonard Poe gave a party Saturday evening to about 25 of their young friends. Music and games served to make the moments lighter and they sped all too swiftly. An enticing refection was served and only words of praise for the hosts were heard as the guests took their departure. Those present from out of town were Miss Mayme Risher, of Wheeling, and G. W. Daugherty, of Pittsburg.

Coming Entertainment.

Mrs. Rush, of Seventh street, will entertain a few of her friends on Friday afternoon.

Mrs. Jennie Davidson will entertain a number of her friends on Thursday afternoon. Miss Euphemia Boyce Huston will be guest of honor.

Mrs. Walter B. Hill will give an "At Home" to a number of friends at her home on Cook street, on Thursday afternoon. The hours will be from 2:30 to 5.

An Enjoyable Party.

Harley Fuller, of Pennsylvania avenue, gave a party last evening for about 25 of his young friends. The evening was pleasantly spent with games and music and in a social way and enticing refreshments were served.

Maccabees' Reception.

Golden Rod Hive, No. 20, L. O. T. M., gave a reception to about 25 visitors from Clarkson last evening. A fine banquet was served, followed by dancing. Fully 200 persons were present.

Will Entertain.

Miss Newell, of Newell, W. V., has issued a large number of invitations for November 20, when she will entertain.

THE NEW YORK STOCK MARKET.

Opening Was Decidedly Irregular and Bonds Were Weak on a Small Range.

New York, Nov. 18.—The stock market presented few, if any, marked characteristics yesterday. Although London prices showed improvement, the opening was decidedly irregular.

The feature of the early trading, as well as of the entire day, was Manhattan, which was exceptionally strong and active, making a maximum and net gain of over 5 points on transactions that more than exceeded one-fifth of the day's total operations.

In the special class Colorado Fuel, United States Steel, American Smelting, Sugar and a few others were steady, Sugar making a material net gain.

There was practically no change in foreign exchange, demand sterling ruling at 487. Call money was as high as 6 per cent and as low as 3½, the bulk of loans being made at 4½ per cent.

Bonds were irregular on a small range. Total sales, par value, $2,945,000.

United States old 4s declined ¼ per cent on the last call.

Fatally Beaten and Robbed.

Huntingdon, Pa. Nov. 18.—William Hawn, of Millereek, a track walker on the Pennsylvania railroad, was attacked Sunday night by two negroes, who, after robbing him of his watch and money, beat him into insensibility. His skull and three ribs were fractured and it is not believed he can recover. Yesterday Joseph Gains and Thomas Allen, giving Madison, N. C., as their home, were arrested at Mifflintown and were positively identified by their victim as his assailants. They were committed to jail here.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Set Them to Work—Frank Francis was arrested last evening by Chief Thompson for being in a state of intoxication. He was without funds this morning and the mayor let him liquidate a fine by sweeping and cleaning the city jail.

I. O. O. F. Social—Invitations have been issued by the I. O. O. F. lodge of East Liverpool for a social and entertainment on the evening of November 26.

Great Accession—Twenty-one persons were received into Long's Run Presbyterian church at Calcutta Sunday, the result of special services held by Rev. P. W. Snyder.

Wire Broken—The special wire used by the local stock exchange broke this morning at a point between Coraopilis and Beaver Falls. As a result there will be no reports received in this city today.

Presiding Elder's Visit—Rev. Charles Bundy, formerly a pastor in Cleveland, and who is now presiding elder of the northern Ohio district of the A. M. E. church, is now paying his official visit in this city. He is the father of R. C. Bundy, who was appointed a naval cadet at Annapolis by Congressman Butterworth.

Went Into the Creek—Mr. and Mrs. U. G. King, Mrs. Nana Wise and Miss Fay Wise, of this city, and Miss Leah King, of Lisbon, were driving home from the latter town last evening when their surrey went over the side of the bridge over a small creek near Calcutta, dumping them into the stream. The horses remained quiet and no one was injured except by a bad ducking.

Nov. 18.—William Hawn, of Millereck, a track walker on the Pennsylvania railroad, was attacked Sunday night by two negroes, who, after robbing him of his watch and money, beat him into insensibility. His skull and three ribs were fractured and it is not believed he can recover. Yesterday Joseph Gains and Thomas Allen, giving Madison, N. C., as their home, were arrested at Mifflintown and were positively identified by their victim as his assailants. They were committed to jail here.

19TH YEAR. NO. 273. EAST LIVERPOOL, O., TUESDAY, NOVEMBER 18, 1902. TWO CENTS.

THE CONTRACT SIGNED FOR $60,000 POTTERY

I. Bentley Pope, of This City, at the Head of the Enterprise and Coshocton Is the Location.

BOARD OF TRADE GIVES HIM $25,000 BONUS

Coshocton, November 18.—The contract has been signed that brings to Coshocton an immense pottery employing between 200 and 300 men. The deal was closed by the board of trade Saturday night. I. Bentley Pope, of East Liverpool, is the head of the new enterprise. He has had a life time's experience in the pottery business and for 11 years has been one of the heads of departments of the Knowles, Taylor & Knowles company, of East Liverpool, the largest pottery in the world. Mr. Pope is a man of means and is one of the most thoroughly acquainted men with the pottery business in America. His business ability and personal integrity is of the highest character, and he will be a welcome addition to the business interests of the city.

The board of trade, Messrs. Gray, Crawford, D. D. Boyd, Timmons, Montgomery, Hunt, Hanley and Secretary Boyd being present, conducted the negotiations and Saturday night signed the document whereby the board gives Mr. Pope $25,000, amply secured by the plant itself. On his part Mr. Pope will at once begin the construction on a four-acre tract in the board of trades' second addition a plant involving an expenditure of $60,000. The main building will be one-story high, 600x70 feet, with six kilns, four white and two for decorating. The guarantee is to operate the plant constantly for six years and to employ from 225 to 300 hands after the third year. The contract calls for not less than 100 hands the first year in order to allow the company to organize their forces, after which time the full number required by the contract will be employed.

Within three years three more kilns will be built. Mr. Pope expects to break ground at once, and to let all contracts to home labor. The plant will start July 1. At the start, he will bring here 75 skilled workmen and their families and will doubtless greatly increase this as the plant develops. The pay roll at the end of the second year will be between $75,000 and $100,000 a year.

C. F. Gosser, of this city, expects to take a large block of the capital stock after the company shall be organized, and it is understood that he will have charge of the financial end of the business. Because of the circumstance that he expects to become interested with the company, Mr. Gosser declined to act for the board of trade in making the contract with Mr. Pope, the terms of the contract being agreed upon by the other members of the board of trade after Mr. Gosser had retired from the deliberations. The fact of Mr. Gosser's association in the new company is a matter of congratulation, for while Mr. Pope is a gentleman of the highest business character and ability, yet Mr. Gosser's identification with the concern makes it prima facie a Coshocton enterprise. For the present at least he will continue in the jewelry business, however.

The plant will probably be known as the Coshocton China company and will make the finest grades of chinaware. Its advent means not only thousands of dollars spent here in the construction of its buildings, but the coming of a hundred families who must have homes, and whose wages will be dumped into the general channels of local trade. It is one of the biggest booms that Coshocton's prosperity has ever received.

Mr. I. B. Pope, when interviewed this morning by a News Review reporter, confirmed the above, saying, "It is an accurate account of the project. I could not give it more fully were I to talk all day."

Mr. Pope has long been a resident of East Liverpool and has made for himself a reputation that will go far towards his success and prosperity among Coshocton people. He is a man of pleasing personality and excellent business qualifications. His many friends will read of his announced departure from the city with regret.

WRIT OF HABEAS CORPUS

Desired By a Father to Get Possession of His Son.

Lisbon, November 18.—(Special.)—Habeas corpus proceedings have been instituted in probate court by J. C. Augustine, who wishes to secure possession of his son, Clyde. Augustine, and his wife have been having trouble and a separation took place recently. The wife took the child and went to the home of her father, George Bishop.

MANN CONTINUES TO RAVE IN HIS CELL IN THE JAIL

Imagines He Drank a Thousand Devils While He Was Drunk Last Week.

WILL BE SENT TO LISBON COURT

Samuel Mann, arrested Sunday morning while terrorizing the shanty boat district, acting like a crazy man, will likely be sent to Lisbon tomorrow and be given a trial before Judge Boone on the charge of insanity.

It was thought yesterday that he was recovering slowly from his attack and hopes were being entertained that he could be released in a few days, but this morning his case, if any thing, was more serious than on Sunday and Mayor Davidson thinks it the proper thing to send him to the county authorities.

The police state that he passed a quiet night and slept almost continually. Upon being approached by Chief Thompson this morning, however, he commenced a repetition of his raving, and the sight presented was awful. His hair unkempt and the terrible glare in his eyes made the officer and spectators flinch and start backward.

Mann said to the crowd: "Say, I guess you people had better get out of here. The Lord told me that you were all devils and I want you to get out."

Not a word was answered and the unfortunate creature dropped to his knees and began to pray. Several minutes he spent at the side of his cot and suddenly arising stepped over to one of the crowd and with a change of expression on his face, it being lighted quite perceptibly, exclaimed:

"You can stay. I have talked it over with the Lord, and He says you are all right. You got the Lord to save me, didn't you?"

In this manner the demented man continued throughout the morning. He refuses to eat, saying that the food is poison. He states that while he was on his spree he drank 1,000 devils and that they will never get out of him until his angel commands them to depart. His wife bought him four new handkerchiefs yesterday and this morning he had them securely tied to the bars of the cell, saying that they were possessed of devils. He raves frequently about a young and pretty girl that he met last week. He imagines that he married her and that she is in the corridor.

The patient has received the best of attention. Medicine has been given him, and his parents and wife have done all they can to console and bring him to his senses. Many people who have been admitted to his cell were recognized, but he orders some of his near friends to leave.

SEQUEL OF SCRAP ON A STREET CAR

Conductor Arraigned For Assault Battery Upon a Passenger.

A FINE OF $9.90 IMPOSED

After Stories That Were Very Different Were Told By Plaintiff And Defendant—Trouble Started Over An Unlighted Stogie.

Edward T. Dillon, a conductor employed by the East Liverpool railway company, was arraigned before Mayor Davidson this morning as the result of a warrant being sworn for his arrest by William Wilson, a local potter.

The warrant charged Dillon with committing an assault on Wilson last Saturday evening. Before pleading guilty to the charge Dillon made the following statement:

"Wilson got on my car early in the evening, and after 'chewing the rag' with me about his fare and about standing on the platform finally jumped off when the car was near the West End. When the car returned from Wellsville he again got on at the Diamond and commenced his wrangling. I stood it for some time and near the Thompson pottery I put him off."

Wilson's face showed plainly when he swore out the warrant that he had met with rough treatment, and he told a different story, stating that Dillon had thrown him off the car because he had a stogie in his mouth. He said the stogie was not lighted and that he could prove by volunteer witnesses that he was forcibly ejected without cause. The mayor fined Dillon $9.90.

FOTHERINGTON IS SORRY

His Parents Enter An Appeal Against Him Being Sent to the Workhouse.

David Edmonds and his wife of the East End, who testified against Elza Fotherington yesterday, are now very sorry that the boy was sentenced to the workhouse and have appealed to the mayor for his release. The mayor refused to grant the request and told them that the only action that could keep him from the penal institution would be the payment of the $50 and costs.

Fotheringham since becoming sober has cried bitterly and seems much repentent. His mother wants official action begun against two local characters who, she says, she can prove gave the boy the whiskey that crazed him.

Rummage Sale a Big Success.

The rummage sale conducted by the Hospital association on Second street is proving to be even a greater success than was anticipated. During the sale hours the room has been thronged and the buying has been very heavy. The supply of wearing apparel for men, women and children was almost exhausted this morning, but an additional supply was received during the afternoon. The ladies take this method of asking the interest of the public in this sale. An invitation is extended to all to contribute articles for the sale.

More Smallpox at Sebring.

Sebring, November 18. — A second case of smallpox has developed in Sebring in the detention house where Miss McGovern is quarantined. The new patient is Miss Scott, of Beaver Falls, who came here as a companion to the former, and was placed in quarantine with her as soon as the disease afflicting Miss McGovern was pronounced smallpox by Dr. Klingensmith. The two girls are in a hospital remote from the village.

Attended Agents' Meeting.

Assistant Superintendent T. A. White, and Agents J. Heckman and J. Kirk, of the Western and Southern Insurance company, returned today from Steubenville where they attended a gathering of all the agents of the company in this district. The meeting was addressed by Henry Bohl, superintendent of agencies.

Compromised for $28.

H. A. Decker, late of Lebanon township, Meigs county, was sued recently by Alex Chafin, of the East End, on a grocery bill amounting to $69.71 and this morning an agreement was made between the plaintiff and defendant in 'Squire McCarron's court. Chafin allowed the case to drop by the promise of Decker to pay $28 in cold cash.

THE BOND ISSUE PLAN DEFEATED

Resolution Turned Down in City Council by a Vote of 7 to 3.

THE DEBATE WAS SPIRITED

Every Member of the Body Took Part In the Discussion, And the Sentiment Was Against the Measure from the Beginning.

The people of East Liverpool will not be asked to vote upon a proposition for the issuing of bonds just at present. By a vote of 7 to 3, Dr. Marshall's resolution to submit the question to vote was defeated by the council last night in adjourned session. In consequence the city has placed the collection of assessments upon the lots and lands in the vicinity of Pennsylvania avenue in the manner and in accordance with the resolution to assess according to benefits.

Over two hours was spent in a discussion of the resolution and at times the arguments were spirited and eloquent, some even indulging in personalities. The arguments were useless, however, as every member had his mind fully made up long before the meeting was convened. When the resolution was sprung at the regular meeting last week not all the members were posted upon the provisions of the measure, nor the effect its passage would have upon the city and taxpayers. Since that time all have studied the question thoroughly, and when called upon to go on record last evening they knew exactly what tney were about.

Much of the ground gone over at the regular meeting was again traversed, all tending to show that a majority of those present deemed the action premature. The grounds for the stand taken by the opponents of the resolution was that the plans and methods adopted for the collection of assessments on Trentvale street, Calcutta road and Pennsylvania avenue had not yet been fully carried out, and until they were the members refused to vote to change the system.

It was plain from the arguments of the members from the Fifth ward that neither they nor their constituents proposed to pay the amounts assessed against the several East End properties in consequence of the Pennsylvania avenue improvement, without a struggle. No money has yet been paid in from that locality, and had the resolution passed and the proposition for a bond issue been sanctioned by the people, none would have been paid. The city can compel the payment of the lawful 25 per cent and the assessment can be made according to benefits. It is absolutely certain that the city will be able to prove to the satisfaction of anyone that every lot or parcel of land east of the improvement has been benefited. All of these arguments and many more were made. When the vote was taken it showed that Messrs. Marshall, Peach and Thomas voted for and Members Barlow, Horwell, Nice, McConnell, Johnston, Bullock and Orr against the adoption of the resolution.

A new equalizing board was appointed by resolution, the following men being selected: W. A. Calhoun, George Olnhausen, H. E. Grosshans. These men will go to work upon their task at once.

At the beginning of the meeting an ordinance to assess a special tax for improvements which have been made on Prospect street was up for second reading. F. E. Grosshans, who first brought it in, was not present, and it was thought best to let it take its course.

The ordinance committee had not yet examined the builders' ordinance, and it too was allowed to go over.

The engineer was instructed to give the grade of Oblique and Starkey streets and Hobbs' alley. The clerk will readvertise for bids for the improvement of Prospect street.

Shot During a Play.

Salem, November 18.—During the performance of "The Fall of Atlanta," given under the auspices of the local camp of the Sons of Veterans, at the opera house Saturday night, Al Winder was painfully injured by being shot in the breast by the wadding from a musket discharged by G. M. Connell who took the part of Barney Dolan in the play. The injury, fortunately, is not a serious one.

GEN. JONES' ASSURANCE ABOUT NEW RAILWAY

Nothing in the Way of Building Trolley Line to This City Except Getting the Right of Way.

OFFICIALS NOW IN THE CITY AND AT WORK

Prospects are brightening for the building of the Youngstown & Southern Electric railroad from Youngstown to this city, via Lisbon. J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department of the road, are in the city today, looking after rights of way, and meeting with much encouragement.

There is ample capital back of the project, and if the rights of way are secured without difficulty, there is every reason to believe that the long-talked of connection of this city and the county seat by an electric line will be effected within a year.

Additional assurance that the road will be built, and speedily, is promised in the following letter to the News Review from Gen. Asa W. Jones, president of the railroad company. Everybody who knows Gen. Asa Jones knows that he does not indulge in visionary schemes, but when he takes up a thing, he does so for business reasons and intends to push it along to success. It will be recalled that the News Review was the first paper in East Liverpool to publish an account of the surveys made by the Youngstown & Southern. Gen. Jones' letter follows:

Youngstown, Ohio, Nov. 15, 1902.
"Editor News Review, East Liverpool, Ohio:

"My attention has been called to your article in reference to the Youngstown & Southern Railroad company, in your issue of last evening. We have been trying to keep the matter as quiet as possible, hoping thereby to avoid some difficulties, but as you have told a good many facts, and thus made them public, it is perhaps just as well that you be fully informed, thus taking the good public into our confidence.

"Our route between termini has not yet been fully determined, but we are looking for the route that will give us both a good line, and plenty of business, and we believe we will in the end secure it. I assure you that we are not securing rights or franchises to sell or put into the market, or to hold for the purpose of getting in the way of a genuine enterprise.

'Our first intention was to construct a road from Youngstown to Columbiana, and for that purpose we secured substantially all of the private rights of way, but when we went east to write up and execute our contract for the underwriting and sale of our bonds with parties who had assured us they would do so, we met this proposition. The eastern parties said: "Why not extend that line to East Liverpool? We will underwrite your bonds and furnish the money, if on examination by an expert the prospects look favorable.'

"The expert went to East Liverpool and spent some days there in a quiet way, as some of your citizens know. The result was he made a favorable report, and after that we secured a very favorable contract by which eastern parties underwrote and purchased our bonds, thereby putting us in funds to construct the road. If we can succeed in securing necessary rights of way and franchises, we expect to begin actual construction as soon as spring opens, and hurry it forward to an early completion.

"The only thing which can prevent the construction of this road will be our inability to secure proper rights of way and franchises.

"Very respectfully yours,
"A. W. JONES, President."

CLEANED UP THE ALLEY

Fighters Wiped One Spot Free From Mud By Their Exertions.

A fight at the rear of Stella Mears' saloon in the alley this afternoon caused a big crowd to assmble and much excitement prevailed. The participants are not known, but from the way in which they handled their fists they certainly are good fighters. Fearful blows were landed numerous times and before the scrap was at an end the alley was wiped practically clear by the clothing of the ruffians.

One of the fellows was finally beated and then was taken to a saloon for treatment. The other one ran from the scene and escaped arrest.

On a Hunting Trip.

Messrs. John Ecker and Lysle Wiens are across the river today on a hunting trip. They have five dogs, two ferrets and a supply of Buffalo Lithia water. Their friends are anxiously awaitnig the outcome of the trip.

HEAVY DAMAGES ARE ASKED BY EX-PASTOR AND WIFE

Licensed to Wed.

Lisbon, November 18.—(Special.)—Harry Thomas and Daisy Harvey, both of East Liverpool; Thurman O. Blythe, of New Garden, and Margaret Little, of New Middleton; Oscar Hiveley and Ollie McKidowney, of Salem; Rosalia Altemare and Angelo Altemare, both of Leetonia, have been granted marriage licenses.

Quadruplets in Canton.

Canton, November 18.—Mrs. Josephine Ormsby and the quadruplets, who attracted national attention on the occasion of their birth a little over a year ago in Chicago, have arrived in Canton to pay a visit to Mrs. Ormsby's former home. After a tour for exhibition purposes they expect to locate here permanently.

Married at Lisbon.

Lisbon, November 18.—(Special.)—Charles Tolby, of Allegheny, and Miss Adelaide Sterling, of Lisbon, were married at 11 o'clock today at the home of the bride in this city. Rev. A. W. Lytle, of the U. P. church, officiated. They will live in Allegheny.

Settled at Defendant's Cost.

Lisbon, November 18.—(Special.)—The case of Brennan & Co., of Detroit, against A. B. Smith, of Wellsville, has been settled at defendant's costs. Plaintiff had sued for the pay for two engines.

Rev. E. W. Reinhart, of Salineville, Wants $20,000 For Alleged Slander.

A CHURCH OFFICER DEFENDANT

Lisbon, November, 18.—(Special)—Two sensational damage suits have been filed in the clerk's office, Rev. and Mrs. Elmer W. Heinhart each petitioning for judgment against Louis Rodney J. Griffith, for $10,000 as damages for alleged malicious slander.

Rev. Mr. Reinhart was formerly pastor of the Church of Christ at Salineville. He alleges that in May, 1902, the defendant with intent to injure his good name and bring him into disgrace circulated a report which resulted in his expulsion fron the Salineville pastorate and disbarred him from securing a pastorate elsewhere. Griffith is an officer of the Salineville church.

The petition quotes statements which reflect upon both Mr. and Mrs. Rinehart before their marriage, and allege a criminal operation.

Rev. Mr. Rinehart alleges tht Griffith reported this malignant slander on many occasions and to many persons. F. W. Lones, of Wellsville, is the plaintiff's attorney.

WITH THE WORKMEN IN THE CLAY PLANTS

POTTER'S ART FOR DENTISTS.

Modern dentistry is accomplishing wonders in the way of preserving and enhancing the beauty of the teeth, and in this direction the newest achievement is the porcelain filling, says an exchange. No longer is it necessary to have a "cavity" plugged with gold, so as to make the repair work conspicuous to the eyes of other people. One may have it simply filled with material which is to all intents and purposes just like the substance of the tooth itself, matching the latter perfectly, and being practically invisible. To begin with, a mold of the cavity is obtained by pressing into it a bit of extremely thin platinum foil. The foil being then taken out, it forms a little cup of exactly the shape of the hole in the tooth. Next a series of porcelain teeth of different shades are placed in juxtaposition with the tooth that is to be filled, until a perfect match is found. The porcelain tooth selected has a number, which corresponds to one of a series of little boxes containing powdered porcelain mixtures.

DEMAND IS STRONGER.

Business at the Thompson has been a little dull for the past few days but not to a noticeable extent. It is picking up again and it is likely that there will be no lull during the period between the fall and spring seasons. The demand for decorated goods is better than it was a week ago and five crews of girls are necessary to keep the new tinting machine busy and an additional tinting machine is being installed in anticipation of a rush in this department. A change of body has been discussed but nothing has been definitely decided as yet. They have been making several grades of yellow, Rockingham, C. C., and pearl white wares. If the proposed change is made they will manufacture nothing but white granite. A new stairway at the western end of the building may be made in the near future. The work of whitewashing the interior is progressing rapidly and the clay shops will be completed today. This make it much pleasanter and gives more light to the men.

BOUGHT MORE GROUND.

Harry Peach has sold to the East End Porcelain works seven lots adjoining its plant in the East End. The deal was only recently consummated, and the consideration has not been made public. Although this concern has been in operation only about six months, it has been doing a thriving business and it is stated that the present equipment has been found inadequate to fill orders promptly. It is thought that the intention of the company in acquiring this additional ground is to erect more buildings and enlarge the plant so that business can be better taken care of.

REPORTS TRADE QUIET.

Frank, George, salesman for the East Palestine Pottery company, a former East Liverpool resident, making Columbus his home, said to the Columbus correspondent of this paper that he would spend but little time on the road between now and the first of the year. He stated that trade was quiet now and that the dealers generally were complaining at their inability to unload their fall and Christmas stock as rapidly as expected. He thought, however, that when the Christmas trade opened it would be very active. He thinks that business will come all at once.

ANNIVERSARY RESOLUTION.

"Resolved, That we declare our unfaltering fealty to the trade labor movement of our country, devoting our best efforts to the uplifting of the wage earners of our country, giving them hope and encouragement and appealing to them to unite with organized workers, so that the fraternity of man, of the world, may be achieved at the earliest possible date." This is the message sent out by the American Federation of Labor on the twenty-first anniversary of its birth to the laboring men throughout the world.

PIONEER SEWER PIPE MAN.

George E. Carlisle died at his home in Winchester, Ky., Saturday night, aged 75 years. Mr. Carlisle was the pioneer of the sewer pipe business in the Ohio valley, and with the late John McFadden, of Toronto, built the first pug mill at Toronto, grinding the clay by horse power. He was widely known throughout the Ohio valley, and highly esteemed by many friends. He sold his business interests in Toronto fifteen years ago and moved to Winchester, where he has since made his home. He leaves four children, all of whom are married and comfortably settled in life.

DRILLING FOR OIL.

Peter McDevitt, of the dipping department at the Thompson, will be in a position to quit the business if he has a fair share of luck. This week workmen commenced the erection of the rigging of an oil derrick on his property near Smith's Ferry and the well will be sunk as soon as all is in readiness. The prospect is good for a rich strike, as there are a number of good producers in that vicinity. His many friends at the plant are hoping that Dame Fortune will smile on him.

NIGHT WORK NECESSARY.

The ordinary working day is not long enough to keep abreast of orders at the William Brunt plant and several of the departments are working over time. The decorating department, in spite of its many additions during the past month, are working far into the night to keep up with the demand, and the dipping department is making extra time. At the present time the demand is for the most part for decorated ware and big shipments are being made daily.

TAKEN PRINTING MACHINE.

Edwin Stuckrath has taken charge of the new printing machine at the William Brunt plant and will also have supervision of the girls who keep the machine busy. So far he has been very successful. His prints have been good and strong and work very nicely. Mr. Stuckrath formerly held a position in the warerooms of the pottery.

MR. SWINDELL IMPROVING.

The many friends of the venerable William Swindell, boss packer at the Thompson, will be pleased to learn that he is recovering from his recent serious illness. He is able to be out of bed and if the improvement continues will be at work again in a few days.

HAS SCARLET FEVER.

Miss Isa Peese, of the decorating room at the Thompson, was taken ill several days ago with scarlet fever, and has since been confined to her home on Second street. The disease is in a mild form and no serious results are anticipated.

IN HIS NEW HOME.

August Krummel, of the top kiln crew at the Thompson, was off duty yesterday superintending the removal of his household goods to his new home in the East End.

SERIOUSLY ILL.

The serious illness of Milton Martin, a well known presser at Laughlin No. 2, was reported yesterday. He is confined to his home in the East End with a healed head, which is causing him considerable anxiety and pain.

AMONG THE SICK.

Misses Bertha Shriver, Phoebe Shaffer, Minnie Connors and Gertrude Drake and Mrs. Norton, of the decalcomania department at the William Brunt pottery, were reported among the sick yesterday.

MAY BUILD A HOME.

George Hamilton, boss of the glost kiln crew at the Thompson, was out at Pleasant Heights yesterday looking for a desirable building lot. He will build himself a home if he finds a suitable location.

CAPITAL INCREASED.

The Bell Pottery company, of Findlay, which is building a large pottery in Columbus, has increased its capital stock from $250,000 to $300,000. E. F. Bell is president and W. J. McClure secretary.

NOW AT THE BRUNT.

Miss Annie Burns, of the decorating room at the Thompson, has resigned her position at that plant and accepted a similar one at the William Brunt pottery.

RETURNED TO WORK.

Oliver French, of the packing department at Thompson's, who has been very sick for the past week, returned to work yesterday.

AMONG THE POTTERS.

Miss Annie Straile has changed at the Thompson, and is now finishing bowls.

Butler Peterson, ware carrier at the Thompson, was reported among the sick yesterday.

Miss Martha Hendricks, of the decorating room at the William Brunt, is reported to be seriously ill at her home on Sixth street.

Misses Emma Riedel and Zelma Ludzinsky, of the decalcomania department at the William Brunt, were Pittsburg visitors today.

Miss Eva Stone, forelady of the decalcomania department at the William Brunt, has been quite ill for the past few days with throat trouble.

Harry Skelton, of the glost end at the Thompson, has let the building of his new home to contract. It will be built on his Fairview avenue property.

Miss Nellie Darrow, of the decorating room at the Thompson, who was severely burned two weeks ago about the face and arms in an explosion of gas at her home on Sixth street, has returned to work again.

MINERS ON A STRIKE

One Hundred Men at Cherry Valley Mines, at Leetonia, Have Quit Work.

The miners employed by the Cherry Valley Iron company, at Leetonia, are out on a strike. The men have been out since Saturday, and no progress toward a settlement has been made.

According to a statement of the case made by a Washingtonville resident, the miners are out because the company refuses to clean away the slate which accumulates in the rooms. It is claimed that with each blast from one or two feet of slate falls down on the coal. The men want pay for handling and cleaning away this slate, and the company, it is claimed, refuses to pay for it. After notice of their demands had not been granted, the men went out. It is said that over 100 men are affected.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative

which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

SPELLING BEE TONIGHT

Protected Home Circle Will Entertain Neighboring Lodges And Initiate Twenty Candidates.

A class of twenty will be initiated tonight by the Protected Home Circle at their headquarters in Larkin & Ferguson hall. The regular order of business will be curtailed as much as possible and after the initiation ceremonies are over there will be an old fashioned spelling bee. J. E. Davis and Miss Odessa Owens have been selected as captains and they will divide the house into two sides of equal numbers. D. F. White will announce the words and the judges will be selected from the house. There will be a prize for the best speller and a consolation prize for the one who first fails to spell his word correctly. Refreshments of sandwiches and coffee will be served. The members of the East Liverpool, Wellsville and Chester lodges have been invited and it is expected that they will respond in large numbers.

The initiation of the twenty additional candidates will bring the total membership of the lodge up to about 425, by far the largest of any lodge in the county.

STORM OF PROTEST

People of the East End Mad Over Turn Down of Bond Issue Resolution.

The evident disposition on the part of the city council to assess the entire cost of the improvement of Pennsylvania avenue on East End people, even though they do not live on the line of the improvement, is causing a storm of protest. This morning the matter was freely discussed by a number of prominent citizens who will be compelled to stand a good share of the cost and to a man they think it an unjust taxation.

Up until this morning the much moted question had not received much attention but it become a paramount issue when at the meeting of the council last evening the resolution presented by Councilman Marshall was turned down. This resolution provided that the matted be submitted to a vote of the entire corporation to determine whether or not the bonds should be issued to pay for the improvement. The East Enders considered the resolution in the light of a relief measure for them and they think that it should have been given favorable consideration. They contend that the improvement benefits the entire city and that the entire city should help to pay for it. "If we are compelled to do all the paying," said a man of prominence this morning, "I would be in favor of charging a toll for those who do not live in the East End, if this were possible."

A number of remarks antagonistic to the political aspirations of the councilman who voted against the resolution were heard from men of prominence in East End political affairs.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

Mr. and Mrs. Edmonds Improving.

Mr. and Mrs. David Edmonds, of Dry Run, in Colhoun's addition, who were murderously assaulted Sunday afternoon by their son Elza, who was in a drunken frenzy, are much better today, although still in a great deal of pain from their wounds. Mrs. Edmonds has stated that one night about two weeks previous to the assault Elza came home from down town and insisted on sleeping in the room with her. She was alarmed at his actions, but humored him. The boy alluded to a burglary that had occurred in the neighborhood and told his mother that a burglar might enter the house and kill her, and that if she was to be killed he wanted to do it himself.

Miss Vincent Entertained.

One of the pleasantest social functions of the season was the reception several nights ago at the home of Miss Annie Vincent, on Pennsylvania avenue, East End, for the gilders at the Thompson pottery. The guests numbered fourteen and enjoyed the evening immensely with dancing and cards. Enticing refreshments were served.

Car Killed Dog.

A street car run down an unknown and homeless dog on Mulberry street yesterday afternoon and injured it so badly that it had to be killed. Quite a crowd collected around the unfortunate animal and one of the number was selected as its executioner. Several hard blows on its head were administered, but the dog refused to give up the ghost, and not until Officer Fisher had sent five bullets into it was it pronounced a corpse.

Dr. Marshall's Redistricting Plan.

The article in the News Review yesterday concerning the new boundary lines for the wards of the city unintentionally misquoted the plan of Dr. R. J. Marshall, councilman from the Fifth ward. Dr. Marshall does not propose to divide the proposed First ward with Pennsylvania avenue, north of Ralston crossing, as stated. The boundary lines would remain as they now are except that the territory south of Pennsylvania avenue between Ralston crossing and Broadway would be added to it. This removes the objections to his plan heard in the East End yesterday.

RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Olenhousen and Hollis E. Grosshans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 20th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

General DeWet, late of the Boer army, has written a book. In it he scores England, as was to be expected, but is more severe on his own people. He says that among them stupidity, cowardice, lack of discipline, faithlessness and abominable treason were to be met with among them to an appalling degree. Had there not been so many traitors in their own camp the Boers would never have been so utterly defeated. It is quite evident that General DeWet does not expect to return to Africa to live.

Ohio is almost out of debt and has over $3,500,000 in the treasury. No wonder the people voted strongly against putting any new brand of tax reformers into office. The financial status of Ohio is an object lesson to the whole country. The administration headed by Governor Nash has accomplished wonders. It would have been a sad mistake not to continue it in power, and the voters saw the fact plainly.

"General Grosvenor says it would be tampering with prosperity to meddle with the tariff. But of course this is largely a post-election opinion," remarks the Cleveland Plain Dealer. If we mistake not, it was an ante-election opinion, too. In any event, the verdict of the opinion, as expressed at the polls, was too plain to be disregarded.

A test case on the "grandfather clause" in the new Alabama constitution will be heard before very long by the United States supreme court, and owing to developments at the recent election the negro disfranchising provisions of the new Virginia constitution will also be tested.

Unfortunately the rain abated before it had half cleaned the streets of East Liverpool. But why do we need to depend upon such an agency when we have a street cleaning department costly enough to be efficient?

It has been truthfully remarked that the greatest work we can do for the future is to educate the children of the present. And in that work America leads the world.

The Pennsylvania railroad officials are reported at their wits' ends to know what to do with their heavy freight traffic. But it does not appear to have occurred to them that they could be relieved of a portion of the strain by encouraging some of their rivals to step in and get a share.

OBITUARY

Mrs. Anna Cunningham.

Mrs. Anna Cunningham, aged 32 years, died at her home in Gardendale this morning from brain fever after an illness of about two weeks. The hour for the funeral has not been set but it will take place Thursday afternoon at the Gardendale chapel. She was highly respected and had a large circle of friends. She leaves two children, one four years and the other one year of age.

Death of a Child.

A 15 months old child of David Berg, of Liverpool street, Wellsville, died at its home last evening after being sick for several weeks. The child was born in Sweden, and was brought to this city several months ago by its parents. Mr. Berg is an employe in the mill. The funeral will be held at 2 o'clock tomorrow afternoon.

AT THE THEATER

The Chicago Stock company, which is here for the week at the Grand, had a crowded house for its opening performance last night. The bill was "The Prince of Tramps," a comedy drama, and it was excellently presented. The company is much better than the usual run of week stand troupes and several of their performers are particularly clever. The between acts specialties last evening were new and pleasing. "Carmen" will be presented tonight.

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

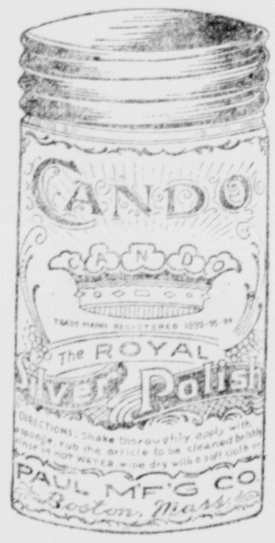

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

TO USE A MAIL WACON

John H. Brown Has Contract to Carry Mails Between Postoffice And Station.

The project which was mentioned in this paper a few days ago after the mail bag was stolen lately, about the wagon which was to carry the mail between the local postoffice and the passenger depot has not been abandoned. John H. Brown, the well known confectioner and milk dealer of Market street, has signed a contract with the railroad company to carry the mail between the points named. Mr. Brown will assume his new duties tomorrow morning. He intends to fix his wagon like the wagons owned by the railroad company and used in other cities.

The contract is for five years and stipulates that Mr. Brown shall carry the mails to and from all the day trains. Mr. Brown was compelled to furnish $500 bond. Arthur Campbell, now employed to carry the mails, will become assistant baggage master, a help which has been badly needed, as a man from the freight depot had to help Mr. Smith, the baggage agent, on special occasions when the work was too heavy for one man. The new state of affairs will be appreciated, especially by the traveling men.

Granted a Divorce.

Lisbon, November, 18.—(Special)—Judge Hole granted a divorce yesterday afternoon to Mrs. Nannie Wise, of East Liverpool. She was married to W. W. Wise, at Beaver Falls in 1884. Three children were born to them. Desertion and non-support were charged against him. He went to California in 1899.

Sued on a $410 Claim.

Lisbon, November, 18.—(Special)—The Wellsville Improvement company has filed an action against James R. Moores for the collection of payments on the sale of lot 290 in Clarke & Michaels' fifth addition to Wellsville. The contract price was $410, none of which has been paid.

Dismissed at Plaintiff's Cost.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

WELLSVILLE

FIGURES ON COST OF LIGHT PLANT

INTERESTING DATA LAID BEFORE WELLSVILLE COUNCIL.

Question of Bond Issue to Build Plant And Pumping Station to Be Voted On.

There were only seven members of council present at the meeting last evening and much less business was transacted than was expected. The appointment of Fred Houser as chief of police of the city was confirmed by council and Mr. Houser was later sworn in by the mayor.

A few bills were ordered paid. An ordinance was put on first reading fixing the grade line of Highland avenue from the easterly curb line of Spring Garden to the center line of Liverpool street.

The equalizing board on the Lisbon street paving assessment from First street to Fourth street gave in a written report. It showed that only a few changes had been made. It was confirmed by council. A bond ordinance for the work was placed upon its first reading.

City Solicitor Boyd read portions of the new code bill and suggested that some action be taken toward proceeding with the work required by the code. The president of council was instructed to appoint committees to take up the code matter and appointed the following, to report at the next meeting: On board of public service, McCormick, Shoub and McLane; board of public safety, Whitacre, Aughinbaugh and Bissett; board of tax commission, Weaver, Smith and Henderson; redistricting of wards, Weaver, Shoub, Whitacre, McLane and Smith, one member from each ward; bonds and compensations, the finance committee, composed of Whitacre, Shoub and Brennan.

Mr. Boyle, a representative of the R. W. Hunt company, of Pittsburg, gave figures upon the cost of a municipal light plant, which were asked for by council from the water works board some time ago. Figures upon the cost of five different styles of plants were given. They are as follows:

Combination light plant and pumping station, propelled by gas engines, extreme cost, $81,626.15; combination light plant and pumping station, propelled by steam engines, extreme cost, $80,226.40; light plant propelled by gas engines, extreme cost, $23,667.50; light plant propelled by steam engines, extreme cost, $23,292.50; originally proposed pumping station, extreme cost, $51,468.68.

These figures are based upon the most expensive equipment in the market. About $5,000 would be the extreme outside figure for the material for the second plant mentioned which the Hunt company advises council to decide upon, and would fit up a plant with a capacity of 150 lights. The total cost per year for operating this plant would be $17,913.12. The present electric lights cost the city about $85 per lamp per year. The estimated cost per lamp with the second plant mentioned would be $65.

President A. S. Rogers, of the water works board, stated that the board could secure a suitable site for a plant in the West End for between $1,200 and $1,500.

A motion was passed that council submit the question of expending $20,000 for a municipal light plant and pumping station to the people, allowing them to vote whether they wanted it or not.

Another report of the finances of the city was read to council by the clerk It showed that there was no more money in the sewer fund, which means that no more sewer work can be done for the present. It also showed the street fund to have been overdrawn over $7,000.

Council adjourned to meet next Monday evening in special session.

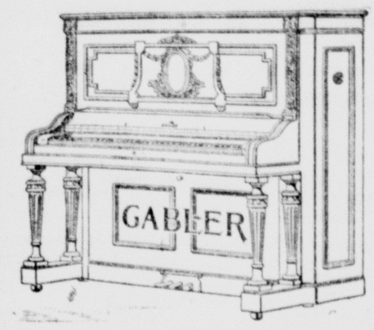

Says Dog Case Is Not Settled.

James Madden says that no agreement of any kind whatsoever has been settled upon between William Timmons and himself in regard to the dog case. He states furthermore that Mr. Timmons will have to prove to him that the dog rightfully belongs to him before Madden will drop it. The dog is at present in the possession of Mr. Timmons, bond in the amount of $50 having been put up, and it is expected the case will be tried again in a few days.

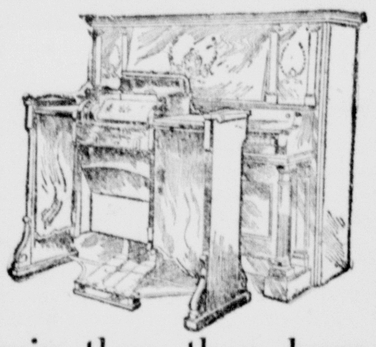

A Fine Entertainment.

The music and literary entertainment given last evening in the Potters' hall was one of the best entertainments of its kind that has been given in this city for some time past. The program, as published in the News Review yesterday, was carried out in excellent style. The entertainment was given by local union No. 24, N. B. of O. P., and was only the first of a series of these entertainments to be given by the local this winter.

Good music is furnished by the selected choir. Dr. Tracy will talk this evening upon "Twentieth Century Girls."

Last of An Old Family.

Joseph Jenkins, 80 years old, died at the residence of his daughter, Mrs. L. P. Chester, 509 Coal street, Wilkinsburg, Pa., on Saturday, as the result of a fall. Mr. Jenkins was the last surviving member of the old Jenkins family of Wellsville. He was a brother of John M. Jenkins, deceased, one of the pioneer lawyers of Ohio. He was a member of the First M. E. church, of McKeesport. He is survived by one daughter.

Powell Still Missing.

The whereabouts of C. J. Powell, the local grocer who mysteriously disappeared a week ago, are still unknown, and it is now the popular belief that he will never again show his face in this city. Several claims have been entered against his store. The report that Powell went away with Mrs. Mattie Delaney, of the West End, has been denied, and it has since been learned that Mrs. Delaney only went to Smith's Ferry, Pa.

Robbed of Her Beautiful Hair.

Canton, November 18.—The beautiful dark brown hair of little Annie Weber was the cause of a vicious assault upon her last night. She had occasion to go to the rear of the house where she had made her home, in the east end of the city. An unknown man stepped from behind the corner, caught her and cut her hair off near the scalp. Bloodhounds are trailing the thief.

SOUTH SIDE

SUIT OVER GRAVEYARD.

Farmer Claims It And Friends of the Dead Are Removing Bodies.

Robert Hobbs will go out to his home in Fairview today, to take charge of removing his father's remains from their present location in the Fairview cemetery to the New Cumberland cemetery. The burial ground at Fairview, which was laid out only a few years ago, is now in litigation. It seems that no deed has ever been made for the plat and no one seems to have any control over it.

The farm on which the cemetery is located was recently sold to A. S. Stewart, who claims the entire original tract and in all probability can hold it. A number of prominent citizens of Hancock county have been buried there, and as their friends have no recourse by which they can hold their ground nothing remains to do but remove the bodies.

Water Company Busy.

The Southside Water company is rushed to the limit in laying water mains to the fast increasing population in Chester. The many new residences which are being hurried to completion before cold weather increases this work. Besides fitting up the many houses there will be several thousand feet of the large main to be laid. Water has now been placed on Florida and Montana avenues.

Thrown Out Into the Mud.

While J. B. Meeks, of Pittsburg, and Miss Stella Robinson, of New Cumberland, were driving along First street yesterday afternoon the horse became frightened at a street car, overturned the buggy and threw them both out. They alighted in a large mud hole. Miss Robinson received a painful cut on her head which bled profusely, but was not serious.

CHESTER NOTES.

H. A. Stewart was out at Fairview over Sunday.

Fred McGahan was in Holliday's Cove over Sunday.

W. T. Walker, of Wheeling, is in Chester on business.

Mrs. Edward Stewart and young son left last evening to visit her parents near Beaver, Pa.

John Williams and daughter left yesterday morning for Parkersburg on a visit to relatives.

Cy Hobbs has quit the tin mill and is now running a blacksmith shop at his old home in Fairview.

Frank Fandree and family moved yesterday into the home recently built by C. T. McCutcheon on Adolphus street.

Mr. and Mrs. James Montgomery, of Mahan, W. Va., are visiting Mr. and Mrs. J. P. McGahan, of Fairview street.

Joseph Gilmore, who has been working in the Brown apple orchard for the past two months, has returned to Chester.

Frank Snowden, of Gas Valley, will leave in a few days with his uncle, Rev. D. H. Snowden, for Sterling, Kan., where he expects to make his home.

Mr. Hendershot, of the firm of Kochert & Hendershot, Chester, has severed his connecton with that firm and is moving to the East End to engage in the confection business.

Dr. R. R. Price, of Toronto, brother of Thomas W. Price, of the Chelsea pottery, left yesterday for Asheville, S. C., for the benefit of his health. Rev. F. P. Hummel accompanying him.

DAMAGE CLAIMS AGAINST THE CITY

Excellent Legal Talent to Be Secured For Purpose of Fighting Them.

DEFENSE TO BE MADE

Eight Suits Now Pending And Soon to Be Disposed of—Railroad Committee of Council Insists That the C. & P. Must Make Concessions.

One of the busiest days known in councilmanic circles for a long time was yesterday. At 1:30 a meeting of the special committee appointed to investigate damage claims pending against the city, all of which are docketed to come up in the common pleas court at Lisbon this week, was held.

The committee was made up of Dr. Marshall, Messrs. Peach and Johnson. Solicitor McGarry, who had the cases for the plaintiffs in the beginning, and who asked that he be relieved from defending them in behalf of the city on that account, was present and offered suggestions. It was found after very careful deliberation that the city had a strong case, and though there were several technical points upon which the court would have to be made clear. For this reason it was deemed advisable to retain the very best legal talent obtainable to represent the city.

There is an abundance of evidence in the city's favor, nearly all of which has been unearthed within the past week, and preparations are now being made to have it in shape within the next few days that it will do some good at the trial of the suits.

In all there are six cases of the same character, and damages are claimed in each for the appropriation of certain portions of the defendant's lots by the city for road purposes. The property owners will ask $6 per foot front for all the ground taken. The city hopes to show that by an old agreement between the original owners and those representing the city at that time the land was to be deeded to the municipality for road purposes.

It was decided that Hon. R. W. Tayler, of Lisbon, and A. H. Clark and W. K. Gaston, of this city represent it.

In addition to these six suits the city has two others to defend. They, too, will be up this week. One is that or David O'Hanlon, against the city, in which he asks damages for cutting away a portion of the front of his property on Lisbon street. The case has been in the court for several years.

The other is the claim of Mrs. Lucinda Martin versus the city. This last is also a damage claim. Both have been placed in the hands of A. H. Clark by the solicitor who had them for the plaintiffs originally.

The railroad committee composed of Messrs. Peach, Bullock, McConnell, Nice and Marshall, met immediately after the adjournment of the other, and plans were perfected for the city's attitude toward the Pennsylvania company in its attempt to cross the city streets with a double track. There are a large number of concessions which the city expects to receive at the hands of the company, and these matters were talked over at length. The committee takes the position that if the city desires to compel the railroad people to observe certain regulations that will work to the advantage and convenience of the general public, the time to ask these concessions is now when the company is out for something from the city on their own account. The entire council backs the committee in this, and it is probable before the Cleveland & Pittsburg double track is started through this city it will have to agree to many things in the way of better facilities and accommodatons for the traveling and shipping public.

Steubenville Hunter Crippled.

Steubenville, November 18.—The first serious shooting accident in Jefferson county the present season, occurred yesterday morning, when Con. Hutterly, the well known young shoe merchant, of Floto & Hutterly, received injuries that will cripple him for life. The accident occurred on the William Stone farm near Dry Fork, in a very peculiar manner. Hutterly was carrying his gun on his shoulder when it slipped and fell to the ground. It went off and Hutterly's right foot received almost the full contents, two of his toes being partly blown off.

More Smallpox at Steubenville.

Steubenville, November 18.—Two more cases of smallpox or varioloid have been reported from lower Wells street in the family of Mrs. Foltz, the victims being her little girls, Gertrude and Florence. They were both recently vaccinated, and the board hopes the cases will be light.

REALM OF SPORTS

ROVERS VS. SEBRING

A Spirited Game At the West End Park Promised For Saturday Afternoon.

During the remainder of the season interest will no doubt center on the playing of the West End Rovers. It was generally conceded that the East Liverpool team was superior to the Rovers, but the latter aggregation was a close second and they will without a doubt put up some strong exhibitions during the next few weeks. They have been under strenuous practice for some time and have hardened themselves down to a point where they have every confidence and can back it up with real merit. On the gridiron in the West End park next Saturday afternoon they will play one of the fastest games of the season when they tackle the strong team of Sebring. The lineups for the two teams will be as follows:

Rovers—Arb, right end; Tyson, right tackle; McDevitt, right guard; Amos, center; J. Hester, left guard; Heckathorn or Frazer, left tackle; Hardy, left end; Robbins or McAvoy, quarter backs; J. Coleman, right half back; Jones, left half back; Moore, full back.

Sebring—Christy, right end; Miles, right tackle; Jewel, right guard; Brown, center; Beck, left guard; Green, left tackle; Weikirt, left end; Turner, quarter back; Jones, right half back; R. Eddy, left half back; C. Eddy, full back.

REPORTED DISBANDED

East Liverpool Foot Ball Team Could Not Agree as to Pecuniary Recompense And Quit.

From an authentic source comes the information that the East Liverpool foot ball team has disbanded for the season. It was due to a failure in agreeing on the pecuniary compensation that each player should derive from the gate receipts. Manager John Walsh is in Pittsburg and no statement could be gained as to his side of the question.

The local admirers of the game were very much disappointed upon learning of the split-up. They were all anxious to witness the game between East Liverpool and Steubenville, and unless a new management takes charge of the local team the game will likely never be played. It was scheduled for November 29 and preparations were being made by scores to witness the contest.

When Manager Walsh departed for Pittsburg Saturday evening it was thought that he had gone there to complete arrangements with Manager Farren, of Steubenville, but it has been learned that such is not the case.

Basket Ball Game.

The D. C. & A. C., of Pittsburg, and the Steubenville basket ball team are arranging for a game at Rock Springs park at an early date.

A REMARKABLE DOG

Whose Owner Says He Was Enabled to Catch 25 Coons in Five Nights.

"I was out hunting five nights last week and caught just 25 coons," was the statement made to a News Review reporter by Thomas Blazer, of the famous Grim's bridge. "That sounds like a whopper, I expect," he continued, "but it is every word the truth. You see, I have a way of catching them that everybody don't know about, and that is why I got so many. When a man goes coon hunting the principal accompanying factor is a dog. And I guess I have got the best dog in the country. He is an awkward looking animal and no one would ever take him to be worth a penny. But he fools everybody.

"All I have to do is to get him into the woods, and if there are any coons there he will get them. Getting a scent he will run to the bottom of a tree, and if loud and impatient barking will have no effect on the little creature the dog will, when the distance is not too far, run and jump to the first limb and so on until he finds the coon. It would take lots of money to buy that dog from me, and I intend to make a record with him this season."

Gentlemen,—Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, headaches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this. Visiting my sister, I found she was using

Dr. Caldwell's (Laxative) Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. I give all praise to your medicine, and have recommended it to a large number of my friends.

OIL INSPECTOR FILES HIS REPORT

Examined a Vast Quantity of Illuminating Fluid During the Year.

VACANCY IN CIRCUIT COURT

Which the Governor Is Urged to Fill By Naming Theodore Hall, of Ashtabula—Wellsville Company Incorporated—Other Capital City Notes.

From a Staff Correspondent.

Columbus, November 18.—John R. Malloy, inspector of oils for the Second district, with headquarters at Columbus, has filed his annual report with Governor Nash, which shows that there were 245,685 barrels of illuminating oil inspected during the year ending October 1. There were 78,966 barrels of oil inspected at refineries in the First district and shipped into the Second district, the total amount of fees from all sources being $16,456.57. Fourteen deputy inspectors are employed in the Second district. The southeastern Ohio inspectors are Robert Love, Steubenville, who inspected 16,341 barrels and collected fees amounting to $1,$12.98; Robert H. Moore, Bellaire, inspected 9,587 barrels, fees, $479.40; J. Trueman Myers, Carrollton, inspected 624 barrels, fees, $31.20.

Speaker McKinnon, of Ashtabula, and other prominent politicians of that locality, called on Governor Nash yesterday to urge the appointment of Theodore Hall, of Ashtabula, as judge of the circuit court to succeed Judge Caldwell, who died several days ago. There are two other candidates for the place, Harry Hammer, of Painesville, and Allen Cox, of Conneaut. Judge Caldwell was appointed by Governor Nash to fill a vacancy caused by death. The governor hs already made 16 judiciary appointments, the largest number appointed by any governor. Last week the governor appointed his executive clerk, Hon. Charles C. Lemert, to fill a vacancy on the common pleas bench in the Kenton district.

The Menough Foundry company, of Wellsville, has taken out a certificate of incorporation. The capital stock is $25,000, which is divided into $50 shares. The incorporators are G. W. H. S., A. G., E. R., and M. F. Menough.

The tirty-third annual report of the Soldiers and Sailors Orphans' home at Xenia, shows that there were 944 pupils enrolled during the year. Columbiana county being represented among the number. The per capita cost, based on all expenses, was $180.75.

James A. Manning, of Ashtabula, successor to District Deputy Elmer E. Miller, of Canton, of the stationary engineers' board, is at work in his home town. Next week he will go to Canton where he will remain several days. Mr. Miller will make him acquainted with the territory. His Columbiana county itinerary has not been prepared yet.

The proclamation issued by the secretary of state says that there are 71 cities and 693 villages in Ohio.

CAMP CARS ATTACKED

RIGHT TO HOUSE FOREIGNERS IN THEM IS QUESTIONED.

Heavy Damage Suits Filed at Steubenville for Two Italians' Deaths.

Steubenville, November 18.—To test the right of corporations to compel their foreign laborers to sleep in camp cars where they have neither path or space to reach their work without walking along the railroad tracks, two heavy damage suits were filed in the clerk's office by Attorney A. C. Lewis on behalf of J. O. Naylor, administrator of Guiseppe Maroni and his son, Basil Marino, two Italians, who were killed near Unionport on August 21, 1902, the administrator asking $10,000 damages in each case.

The petition claims that on June 6, the railroad maintained a switch on a side track, and on the night of the accident a cut of cars was run in on the switch, unknown to the twenty-five foreigners who occupied the camp cars at the west end. In the morning they left the camp cars to walk between the tracks to their work, the two Marinos being in the party. During the night No. 8 passenger train is supposed to pass the camp cars and at the time of the accident the men believed that it had gone.

They were walking between the switch and east bound track, in a space of less than seven feet when a west bound freight came along. As it was passing, No. 8 on the east bound track appeared and without whistle or signal struck the two Marinos and hurled them to the ground.

In the petition the principal claim is that the railroad company should have an intelligent foreman to guide the foreigners who are not acquainted with the time of the various trains arrival, and for this reason they should have had some one to take charge of them after they left the camp cars. The petition also avers that the width between the cut of freight cars and the east bound track, over which the men were compelled to walk to work, was not wide enough to permit a man to pass in safety when a train was on both tracks. The two Marinos were not walking on the track, but on the narrow path, the onely one provided for them, and they were at no fault, but instead the railroad company was negligent.

As there are so many ignorant foreigners killed in the same way almost the suit has attracted considerable attention, and to protect itself from many other similar suits, the railroad company will make a determined fight.

A 250 BARREL WELL

The Latest Great Strike in the Knoxville Oil Field.

Another large well has been shot in the Knoxville oil field. The Crawford No. 7, owned by J. J. Crawford, was shot Saturday afternoon in the presence of several hundred people, many of them oil operators and others common sightseers, and a few moments after it was shot the oil began to flow at a tremendous rate, 250 barrels having flowed into the tanks in about 24 hours. This heavy flow is not expected to continue, but it is believed that it will not decrease much more than one-half for the present at least.

It was thought that the well would be a gusher, so advance preparations had been made for holding the oil. It was fortunate that this was done, as the oil was carried to the tanks and then through the pipe line to the Standard Oil company's refinery.

About the Freuenberger-Sinclair well all is expectancy. The boiler was removed 50 feet from the well several days ago, but the engines were kept at work, and slowly, drilling proceeds through the sand. So far about 25 feet of sand has been drilled through, and it is thought another day's work will complete the job.

TURNED WATER ON HIM

Sister of Martin Lisk Kept Him Out As He Was Trying to Break Down the Door.

Kicking like a maddened steer and drenched with water Martin Lisk was arrested last evening by Officer McDermott and landed in the city jail with a charge of disorderly conduct registered against him. Lisk was at the home of his sister, Mrs. Louis Orr, when taken in tow by the officer. He was at the back door and had smashed in the panels and was about to break the door from its hinges when interrupted. While he was carrying on in this manner, Mrs. Orr, after pleading with him to cease, adopted a novel plan to stop him.

With a wash pan she threw several gallons of water through the holes in the door which had been made by his kicking. Tto the officer he said that he wanted to get into the house to secure some clothing. He pleaded guilty when arraigned a few hours later and was fined $3 and costs. This amount, added to a former unpaid fine of $9.60, aggregates $17.20, and he will linger in jail until both are paid.

PROBATE MATTERS

Two Wills Filed, on One of Which the Probate Judge Could Not Rule.

Lisbon, November 18.—(Special.)—The will in the estate of R. H. Beeson, of Perry township, was filed for probate yesterday, but as Judge Boone was one of the witnesses he took no action. The will with application was certified to common pleas and Judge Hole ordered that they be admitted to record.

The will of the late James Mackall, Sr., of Middleton township, was admitted to probate, and a commission was issued to take the testimony of a subscribing witness at Canonsburg, Pa.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. In fact, I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 189 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nervine. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind.

Committee, Mrs. Ella Kober, Mrs. S. J. Cripps.

Maccabees' Social.

Crockery City Tent No. 131, Knights of the Maccabees, are arranging for a social for next Friday evening. A committee on arrangements was appointed at the meeting last Friday night. During this meeting two candidates were initiated into the mysteries of the order and two applications for membership were received. The nominations for officers for the ensuing six months will be made Friday evening, and it is expected to have four more candidates for initiation. This with the social will provide a very interesting meeting.

Entertained Their Friends.

Messrs. George and Leonard Poe gave a party Saturday evening to about 25 of their young friends. Music and games served to make the moments lighter and they sped all too swiftly. An enticing refection was served and only words of praise for the hosts were heard as the guests took their departure. Those present from out of town were Miss Mayme Risher, of Wheeling, and G. W. Daugherty, of Pittsburg.

Coming Entertainment.

Mrs. Rush, of Seventh street, will entertain a few of her friends on Friday afternoon.

Mrs. Jennie Davidson will entertain a number of her friends on Thursday afternoon. Miss Euphemia Boyce Huston will be guest of honor.

Mrs. Walter B. Hill will give an "At Home" to a number of friends at her home on Cook street, on Thursday afternoon. The hours will be from 2:30 to 5.

An Enjoyable Party.

Harley Fuller, of Pennsylvania avenue, gave a party last evening for about 25 of his young friends. The evening was pleasantly spent with games and music and in a social way and enticing refreshments were served.

Maccabees' Reception.

Golden Rod Hive, No. 20, L. O. T. M., gave a reception to about 25 visitors from Clarkson last evening. A fine banquet was served, followed by dancing. Fully 200 persons were present.

THE NEW YORK STOCK MARKET.

Opening Was Decidedly Irregular and Bonds Were Weak on a Small Range.

New York, Nov. 18.—The stock market presented few, if any, marked characteristics yesterday. Although London prices showed improvement, the opening was decidedly irregular.

The feature of the early trading, as well as of the entire day, was Manhattan, which was exceptionally strong and active, making a maximum and net gain of over 5 points on transactions that more than exceeded one-fifth of the day's total operations.

In the special class Colorado Fuel, United States Steel, American Smelting, Sugar and a few others were steady, Sugar making a material net gain.

There was practically no change in foreign exchange, demand sterling ruling at 487. Call money was as high as 6 per cent and as low as 3½, the bulk of loans being made at 4½ per cent.

Bonds were irregular on a small range. Total sales, par value, $2,945,000.

United States old 4s declined ¼ per cent on the last call.

Fatally Beaten and Robbed.

Huntingdon, Pa. Nov. 18.—William Hawn, of Millcreek, a track walker on the Pennsylvania railroad, was attacked Sunday night by two negroes, who, after robbing him of his watch and money, beat him into insensibility. His skull and three ribs were fractured and it is not believed he can recover. Yesterday Joseph Gains and Thomas Allen, giving Madison, N. C., as their home, were arrested at Mifflintown and were positively identified by their victim as his assailants. They were committed to jail here.

19TH YEAR. NO. 273. EAST LIVERPOOL, O., TUESDAY, NOVEMBER 18, 1902. TWO CENTS.

THE CONTRACT SIGNED FOR $60,000 POTTERY

I. Bentley Pope, of This City, at the Head of the Enterprise and Coshocton Is the Location.

BOARD OF TRADE GIVES HIM $25,000 BONUS

Coshocton, November 18.—The contract has been signed that brings to Coshocton an immense pottery employing between 200 and 300 men. The deal was closed by the board of trade Saturday night. I. Bentley Pope, of East Liverpool, is the head of the new enterprise. He has had a life time's experience in the pottery business and for 11 years has been one of the heads of departments of the Knowles, Taylor & Knowles company, of East Liverpool, the largest pottery in the world. Mr. Pope is a man of means and is one of the most thoroughly acquainted men with the pottery business in America. His business ability and personal integrity is of the highest character, and he will be a welcome addition to the business interests of the city.

The board of trade, Messrs. Gray, Crawford, D. D. Boyd, Timmons, Montgomery, Hunt, Hanley and Secretary Boyd being present, conducted the negotiations and Saturday night signed the document whereby the board gives Mr. Pope $25,000, amply secured by the plant itself. On his part Mr. Pope will at once begin the construction on a four-acre tract in the board of trades' second addition a plant involving an expenditure of $60,000. The main building will be one-story high, 600x70 feet, with six kilns, four white and two for decorating. The guarantee is to operate the plant constantly for six years and to employ from 225 to 300 hands after the third year. The contract calls for not less than 100 hands the first year in order to allow the company to organize their forces, after which time the full number required by the contract will be employed.

Within three years three more kilns will be built. Mr. Pope expects to break ground at once, and to let all contracts to home labor. The plant will start July 1. At the start, he will bring here 75 skilled workmen and their families and will doubtless greatly increase this as the plant develops. The pay roll at the end of the second year will be between $75,000 and $100,000 a year.

C. F. Gosser, of this city, expects to take a large block of the capital stock after the company shall be organized, and it is understood that he will have charge of the financial end of the business. Because of the circumstance that he expects to become interested with the company, Mr. Gosser declined to act for the board of trade in making the contract with Mr. Pope, the terms of the contract being agreed upon by the other members of the board of trade after Mr. Gosser had retired from the deliberations. The fact of Mr. Gosser's association in the new company is a matter of congratulation, for while Mr. Pope is a gentleman of the highest business character and ability, yet Mr. Gosser's identification with the concern makes it prima facie a Coshocton enterprise. For the present at least he will continue in the jewelry business, however.

The plant will probably be known as the Coshocton China company and will make the finest grades of chinaware. Its advent means not only thousands of dollars spent here in the construction of its buildings, but the coming of a hundred families who must have homes, and whose wages will be dumped into the general channels of local trade. It is one of the biggest booms that Coshocton's prosperity has ever received.

Mr. I. B. Pope, when interviewed this morning by a News Review reporter, confirmed the above, saying, "It is an accurate account of the project I could not give it more fully were I to talk all day."

Mr. Pepe has long been a resident of East Liverpool and has made for himself a reputation that will go far towards his success and prosperity among Coshocton people. He is a man of pleasing personality and excellent business qualifications. His many friends will read of his announced departure from the city with regret.

WRIT OF HABEAS CORPUS

Desired By a Father to Get Possession of His Son.

Lisbon, November 18.—(Special.)—Habeas corpus proceedings have been instituted in probate court by J. C. Augustine, who wishes to secure possession of his son, Clyde. Augustine, and his wife have been having trouble and a separation took place recently. The wife took the child and went to the home of her father, George Bishop.

MANN CONTINUES TO RAVE IN HIS CELL IN THE JAIL

Imagines He Drank a Thousand Devils While He Was Drunk Last Week.

WILL BE SENT TO LISBON COURT

Samuel Mann, arrested Sunday morning while terrorizing the shanty boat district, acting like a crazy man, will likely be sent to Lisbon tomorrow and be given a trial before Judge Boone on the charge of insanity.

It was thought yesterday that he was recovering slowly from his attack and hopes were being entertained that he could be released in a few days, but this morning his case, if any thing, was more serious than on Sunday and Mayor Davidson thinks it the proper thing to send him to the county authorities.

The police state that he passed a quiet night and slept almost continually. Upon being approached by Chief Thompson this morning, however, he commenced a repetition of his raving, and the sight presented was awful. His hair unkempt and the terrible glare in his eyes made the officer and spectators flinch and start backward.

Mann said to the crowd: "Say, I guess you people had better get out of here. The Lord told me that you were all devils and I want you to get out."

Not a word was answered and the unfortunate creature dropped to his knees and began to pray. Several minutes he spent at the side of his cot and suddenly arising stepped over to one of the crowd and with a change of expression on his face, it being lighted quite perceptibly, exclaimed:

"You can stay. I have talked it over with the Lord, and He says you are all right. You got the Lord to save me, didn't you?"

In this manner the demented man continued throughout the morning. He refuses to eat, saying that the food is poison. He states that while he was on his spree he drank 1,000 devils and that they will never get out of him until his angel commands them to depart. His wife bought him four new handkerchiefs yesterday and this morning he had them securely tied to the bars of the cell, saying that they were possessed of devils. He raves frequently about a young and pretty girl that he met last week. He imagines that he married her and that she is in the corridor.

The patient has received the best of attention. Medicine has been given him, and his parents and wife have done all they can to console and bring him to his senses. Many people who have been admitted to his cell were recognized, but he orders some of his near friends to leave.

SEQUEL OF SCRAP ON A STREET CAR

Conductor Arraigned For Assault Battery Upon a Passenger.

A FINE OF $9.90 IMPOSED

After Stories That Were Very Different Were Told By Plaintiff And Defendant—Trouble Started Over An Unlighted Stogie.

Edward T. Dillon, a conductor employed by the East Liverpool railway company, was arraigned before Mayor Davidson this morning as the result of a warrant being sworn for his arrest by William Wilson, a local potter.

The warrant charged Dillon with committing an assault on Wilson last Saturday evening. Before pleading guilty to the charge Dillon made the following statement:

"Wilson got on my car early in the evening, and after 'chewing the rag' with me about his fare and about standing on the platform finally jumped off when the car was near the West End. When the car returned from Wellsville he again got on at the Diamond and commenced his wrangling. I stood it for some time and near the Thompson pottery I put him off."

Wilson's face showed plainly when he swore out the warrant that he had met with rough treatment, and he told a different story, stating that Dillon had thrown him off the car because he had a stogie in his mouth. He said the stogie was not lighted and that he could prove by volunteer witnesses that he was forcibly ejected without cause. The mayor fined Dillon $9.90.

FOTHERINGTON IS SORRY

His Parents Enter An Appeal Against Him Being Sent to the Workhouse.

David Edmonds and his wife of the East End, who testified against Elza Fotherington yesterday, are now very sorry that the boy was sentenced to the workhouse and have appealed to the mayor for his release. The mayor refused to grant the request and told them that the only action that could keep him from the penal institution would be the payment of the $50 and costs.

Fotheringham since becoming sober has cried bitterly and seems much repentent. His mother wants official action begun against two local characters who, she says, she can prove gave the boy the whiskey that crazed him.

Rummage Sale a Big Success.

The rummage sale conducted by the Hospital association on Second street is proving to be even a greater success than was anticipated. During the sale hours the room has been thronged and the buying has been very heavy. The supply of wearing apparel for men, women and children was almost exhausted this morning, but an additional supply was received during the afternoon. The ladies take this method of asking the interest of the public in this sale. An invitation is extended to all to contribute articles for the sale.

More Smallpox at Sebring.

Sebring, November 18. — A second case of smallpox has developed in Sebring in the detention house where Miss McGovern is quarantined. The new patient is Miss Scott, of Beaver Falls, who came here as a companion to the former, and was placed in quarantine with her as soon as the disease afflicting Miss McGovern was pronounced smallpox by Dr. Klingensmith. The two girls are in a hospital remote from the village.

Attended Agents' Meeting.

Assistant Superintendent T. A. White, and Agents J. Heckman and J. Kirk, of the Western and Southern Insurance company, returned today from Steubenville where they attended a gathering of all the agents of the company in this district. The meeting was addressed by Henry Bohl, superintendent of agencies.

Compromised for $28.

H. A. Decker, late of Lebanon township, Meigs county, was sued recently by Alex Chafin, of the East End, on a grocery bill amounting to $69.71 and this morning an agreement was made between the plaintiff and defendant in 'Squire McCarron's court. Chafin allowed the case to drop by the promise of Decker to pay $28 in cold cash.

THE BOND ISSUE PLAN DEFEATED

Resolution Turned Down in City Council by a Vote of 7 to 3.

THE DEBATE WAS SPIRITED

Every Member of the Body Took Part in the Discussion, And the Sentiment Was Against the Measure from the Beginning.

The people of East Liverpool will not be asked to vote upon a proposition for the issuing of bonds just at present. By a vote of 7 to 3, Dr. Marshall's resolution to submit the question to vote was defeated by the council last night in adjourned session. In consequence the city has placed the collection of assessments upon the lots and lands in the vicinity of Pennsylvania avenue in the manner and in accordance with the resolution to assess according to benefits.

Over two hours was spent in a discussion of the resolution and at times the arguments were spirited and eloquent, some even indulging in personalities. The arguments were useless, however, as every member had his mind fully made up long before the meeting was convened. When the resolution was sprung at the regular meeting last week not all the members were posted upon the provisions of the measure, nor the effect its passage would have upon the city and taxpayers. Since that time all have studied the question thoroughly, and when called upon to go on record last evening they knew exactly what they were about.

Much of the ground gone over at the regular meeting was again traversed, all tending to show that a majority of those present deemed the action premature. The grounds for the stand taken by the opponents of the resolution was that the plans and methods adopted for the collection of assessments on Trentvale street, Calcutta road and Pennsylvania avenue had not yet been fully carried out, and until they were the members refused to vote to change the system.

It was plain from the arguments of the members from the Fifth ward that neither they nor their constituents proposed to pay the amounts assessed against the several East End properties in consequence of the Pennsylvania avenue improvement, without a struggle. No money has yet been paid in from that locality, and had the resolution passed and the proposition for a bond issue been sanctioned by the people, none would have been paid. The city can compel the payment of the lawful 25 per cent and the assessment can be made according to benefits. It is absolutely certain that the city will be able to prove to the satisfaction of anyone that every lot or parcel of land east of the improvement has been benefited. All of these arguments and many more were made. When the vote was taken it showed that Messrs. Marshall, Peach and Thomas voted for and Members Barlow, Horwell, Nice, McConnell, Johnston, Bullock and Orr against the adoption of the resolution.

A new equalizing board was appointed by resolution, the following men being selected: W. A. Calhoun, George Olnhausen, H. E. Grosshans. These men will go to work upon their task at once.

At the beginning of the meeting an ordinance to assess a special tax for improvements which have been made on Prospect street was up for second reading. F. E. Grosshans, who first brought it in, was not present, and it was thought best to let it take its course.

The ordinance committee had not yet examined the builders' ordinance, and it too was allowed to go over.

The engineer was instructed to give the grade of Oblique and Starkey streets and Hobbs' alley. The clerk will readvertise for bids for the improvement of Prospect street.

Shot During a Play.

Salem, November 18.—During the performance of "The Fall of Atlanta," given under the auspices of the local camp of the Sons of Veterans, at the opera house Saturday night, Al Winder was painfully injured by being shot in the breast by the wadding from a musket discharged by G. M. Connell who took the part of Barney Dolan in the play. The injury, fortunately, is not a serious one.

GEN. JONES' ASSURANCE ABOUT NEW RAILWAY

Nothing in the Way of Building Trolley Line to This City Except Getting the Right of Way.

OFFICIALS NOW IN THE CITY AND AT WORK

Prospects are brightening for the building of the Youngstown & Southern Electric railroad from Youngstown to this city, via Lisbon. J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department of the road, are in the city today, looking after rights of way, and meeting with much encouragement.

There is ample capital back of the project, and if the rights of way are secured without difficulty, there is every reason to believe that the long-talked of connection of this city and the county seat by an electric line will be effected within a year.

Additional assurance that the road will be built, and speedily, is promised in the following letter to the News Review from Gen. Asa W. Jones, president of the railroad company. Everybody who knows Gen. Asa Jones knows that he does not indulge in visionary schemes, but when he takes up a thing, he does so for business reasons and intends to push it along to success. It will be recalled that the News Review was the first paper in East Liverpool to publish an account of the surveys made by the Youngstown & Southern. Gen. Jones' letter follows:

Youngstown, Ohio, Nov. 15, 1902.
"Editor News Review, East Liverpool, Ohio:

"My attention has been called to your article in reference to the Youngstown & Southern Railroad company, in your issue of last evening. We have been trying to keep the matter as quiet as possible, hoping thereby to avoid some difficulties, but as you have told a good many facts, and thus made them public, it is perhaps just as well that you be fully informed, thus taking the good public into our confidence.

"Our route between termini has not yet been fully determined, but we are looking for the route that will give us both a good line, and plenty of business, and we believe we will in the end secure it. I assure you that we are not securing rights or franchises to sell or put into the market, or to hold for the purpose of getting in the way of a genuine enterprise.

"Our first intention was to construct a road from Youngstown to Columbiana, and for that purpose we secured substantially all of the private rights of way, but when we went east to write up and execute our contract for the underwriting and sale of our bonds with parties who had assured us they would do so, we met this proposition. The eastern parties said: 'Why not extend that line to East Liverpool? We will underwrite your bonds and furnish the money, if on examination by an expert the prospects look favorable.'

"The expert went to East Liverpool and spent some days there in a quiet way, as some of your citizens know. The result was he made a favorable report, and after that we secured a very favorable contract by which eastern parties underwrote and purchased our bonds, thereby putting us in funds to construct the road. If we can succeed in securing necessary rights of way and franchises, we expect to begin actual construction as soon as spring opens, and hurry it forward to an early completion.

"The only thing which can prevent the construction of this road will be our inability to secure proper rights of way and franchises.

"Very respectfully yours,
"A. W. JONES, President."

CLEANED UP THE ALLEY

Fighters Wiped One Spot Free From Mud By Their Exertions.

A fight at the rear of Stella Mears' saloon in the alley this afternoon caused a big crowd to assmble and much excitement prevailed. The participants are not known, but from the way in which they handled their fists they certainly are good fighters. Fearful blows were landed numerous times and before the scrap was at an end the alley was wiped practically clear by the clothing of the ruffians.

One of the fellows was finally beated and then was taken to a saloon for treatment. The other one ran from the scene and escaped arrest.

On a Hunting Trip.

Messrs. John Ecker and Lysle Wiens are across the river today on a hunting trip. They have five dogs, two ferrets and a supply of Buffalo Lithia water. Their friends are anxiously awaitnig the outcome of the trip.

HEAVY DAMAGES ARE ASKED BY EX-PASTOR AND WIFE

Licensed to Wed.

Lisbon, November 18.—(Special.)—Harry Thomas and Daisy Harvey, both of East Liverpool; Thurman O. Blythe, of New Garden, and Margaret Little, of New Middleton; Oscar Hiveley and Ollie McKidowney, of Salem; Rosalia Altemare and Angelo Altemare, both of Leetonia, have been granted marriage licenses.

Quadruplets in Canton.

Canton, November 18.—Mrs. Josephine Ormsby and the quadruplets, who attracted national attention on the occasion of their birth a little over a year ago in Chicago, have arrived in Canton to pay a visit to Mrs. Ormsby's former home. After a tour for exhibition purposes they expect to locate here permanently.

Married at Lisbon.

Lisbon, November 18.—(Special.)—Charles Toby, of Allegheny, and Miss Adelaide Sterling, of Lisbon, were married at 11 o'clock today at the home of the bride in this city. Rev. A. W. Lytle, of the U. P. church, officiated. They will live in Allegheny.

Settled at Defendant's Cost.

Lisbon, November 18.—(Special.)—The case of Brennan & Co., of Detroit, against A. B. Smith, of Wellsville, has been settled at defendant's costs. Plaintiff had sued for the pay for two engines.

Rev. E. W. Reinhart, of Salineville, Wants $20,000 For Alleged Slander.

A CHURCH OFFICER DEFENDANT

Lisbon, November, 18.—(Special)—Two sensational damage suits have been filed in the clerk's office. Rev. and Mrs. Elmer W. Heinhart each petitioning for judgment against Louis Rodney J. Griffith, for $10,000 as damages for alleged malicious slander.

Rev. Mr. Reinhart was formerly pastor of the Church of Christ at Salineville. He alleges that in May, 1902, the defendant with intent to injure his good name and bring him into disgrace circulated a report which resulted in his expulsion fron the Salineville pastorate and disbarred him from securing a pastorate elsewhere. Griffith is an officer of the Salineville church.

The petition quotes statements which reflect upon both Mr. and Mrs. Rinehart before their marriage, and allege a criminal operation.

Rev. Mr. Rinehart alleges tht Griffith reported this malignant slander on many occasions and to many persons. F. W. Lones, of Wellsville, is the plaintiff's attorney.

WITH THE WORKMEN IN THE CLAY PLANTS

POTTER'S ART FOR DENTISTS.

Modern dentistry is accomplishing wonders in the way of preserving and enhancing the beauty of the teeth, and in this direction the newest achievement is the porcelain filling, says an exchange. No longer is it necessary to have a "cavity" plugged with gold, so as to make the repair work conspicuous to the eyes of other people. One may have it simply filled with material which is to all intents and purposes just like the substance of the tooth itself, matching the latter perfectly, and being practically invisible. To begin with, a mold of the cavity is obtained by pressing into it a bit of extremely thin platinum foil. The foil being then taken out, it forms a little cup of exactly the shape of the hole in the tooth. Next a series of porcelain teeth of different shades are placed in juxtaposition with the tooth that is to be filled, until a perfect match is found. The porcelain tooth selected has a number, which corresponds to one of a series of little boxes containing powdered porcelain mixtures.

DEMAND IS STRONGER.

Business at the Thompson has been a little dull for the past few days but not to a noticeable extent. It is picking up again and it is likely that there will be no lull during the period between the fall and spring seasons. The demand for decorated goods is better than it was a week ago and five crews of girls are necessary to keep the new tinting machine busy and an additional tinting machine is being installed in anticipation of a rush in this department. A change of body has been discussed but nothing has been definitely decided as yet. They have been making several grades of yellow, Rockingham, C. C., and pearl white wares. If the proposed change is made they will manufacture nothing but white granite. A new stairway at the western end of the building may be made in the near future. The work of whitewashing the interior is progressing rapidly and the clay shops will be completed today. This make it much pleasanter and gives more light to the men.

BOUGHT MORE GROUND.

Harry Peach has sold to the East End Porcelain works seven lots adjoining its plant in the East End. The deal was only recently consummated, and the consideration has not been made public. Although this concern has been in operation only about six months, it has been doing a thriving business and it is stated that the present equipment has been found inadequate to fill orders promptly. It is thought that the intention of the company in acquiring this additional ground is to erect more buildings and enlarge the plant so that business can be better taken care of.

REPORTS TRADE QUIET.

Frank, George, salesman for the East Palestine Pottery company, a former East Liverpool resident, making Columbus his home, said to the Columbus correspondent of this paper that he would spend but little time on the road between now and the first of the year. He stated that trade was quiet now and that the dealers generally were complaining at their inability to unload their fall and Christmas stock as rapidly as expected. He thought, however, that when the Christmas trade opened it would be very active. He thinks that business will come all at once.

ANNIVERSARY RESOLUTION.

"Resolved, That we declare our unfaltering fealty to the trade labor movement of our country, devoting our best efforts to the uplifting of the wage earners of our country, giving them hope and encouragement and appealing to them to unite with organized workers, so that the fraternity of man, of the world, may be achieved at the earliest possible date." This is the message sent out by the American Federation of Labor on the twenty-first anniversary of its birth to the laboring men throughout the world.

PIONEER SEWER PIPE MAN.

George E. Carlisle died at his home in Winchester, Ky., Saturday night, aged 75 years. Mr. Carlisle was the pioneer of the sewer pipe business in the Ohio valley, and with the late John McFadden, of Toronto, built the first pug mill at Toronto, grinding the clay by horse power. He was widely known throughout the Ohio valley, and highly esteemed by many friends. He sold his business interests in Toronto fifteen years ago and moved to Winchester, where he has since made his home. He leaves four children, all of whom are married and comfortably settled in life.

DRILLING FOR OIL.

Peter McDevitt, of the dipping department at the Thompson, will be in a position to quit the business if he has a fair share of luck. This week workmen commenced the erection of the rigging of an oil derrick on his property near Smith's Ferry and the well will be sunk as soon as all is in readiness. The prospect is good for a rich strike, as there are a number of good producers in that vicinity. His many friends at the plant are hoping that Dame Fortune will smile on him.

NIGHT WORK NECESSARY.

The ordinary working day is not long enough to keep abreast of orders at the William Brunt plant and several of the departments are working over time. The decorating department, in spite of its many additions during the past month, are working far into the night to keep up with the demand, and the dipping department is making extra time. At the present time the demand is for the most part for decorated ware and big shipments are being made daily.

TAKEN PRINTING MACHINE.

Edwin Stuckrath has taken charge of the new printing machine at the William Brunt plant and will also have supervision of the girls who keep the machine busy. So far he has been very successful. His prints have been good and strong and work very nicely. Mr. Stuckrath formerly held a position in the warerooms of the pottery.

MR. SWINDELL IMPROVING.

The many friends of the venerable William Swindell, boss packer at the Thompson, will be pleased to learn that he is recovering from his recent serious illness. He is able to be out of bed and if the improvement continues will be at work again in a few days.

HAS SCARLET FEVER.

Miss Isa Peese, of the decorating room at the Thompson, was taken ill several days ago with scarlet fever, and has since been confined to her home on Second street. The disease is in a mild form and no serious results are anticipated.

IN HIS NEW HOME.

August Krummel, of the top kiln crew at the Thompson, was off duty yesterday superintending the removal of his household goods to his new home in the East End.

SERIOUSLY ILL.

The serious illness of Milton Martin, a well known presser at Laughlin No. 2, was reported yesterday. He is confined to his home in the East End with a boiled head, which is causing him considerable anxiety and pain.

AMONG THE SICK.

Misses Bertha Shriver, Phoebe Shaffer, Minnie Connors and Gertrude Drake and Mrs. Norton, of the decalcomania department at the William Brunt pottery, were reported among the sick yesterday.

MAY BUILD A HOME.

George Hamilton, boss of the glost kiln crew at the Thompson, was out at Pleasant Heights yesterday looking for a desirable building lot. He will build himself a home if he finds a suitable location.

CAPITAL INCREASED.

The Bell Pottery company, of Findlay, which is building a large pottery in Columbus, has increased its capital stock from $250,000 to $300,000. E. F. Bell is president and W. J. McClure secretary.

NOW AT THE BRUNT.

Miss Annie Burns, of the decorating room at the Thompson, has resigned her position at that plant and accepted a similar one at the William Brunt pottery.

RETURNED TO WORK.

Oliver French, of the packing department at Thompson's, who has been very sick for the past week, returned to work yesterday.

AMONG THE POTTERS.

Miss Annie Straile has changed at the Thompson, and is now finishing bowls.

Butler Peterson, ware carrier at the Thompson, was reported among the sick yesterday.

Miss Martha Hendricks, of the decorating room at the William Brunt, is reported to be seriously ill at her home on Sixth street.

Misses Emma Riedel and Zelma Ludzinsky, of the decalcomania department at the William Brunt, were Pittsburg visitors today.

Miss Eva Stone, forelady of the decalcomania department at the William Brunt, has been quite ill for the past few days with throat trouble.

Harry Skelton, of the glost end at the Thompson, has let the building of his new home to contract. It will be built on his Fairview avenue property.

Miss Nellie Darrow, of the decorating room at the Thompson, who was severely burned two weeks ago about the face and arms in an explosion of gas at her home on Sixth street, has returned to work again.

MINERS ON A STRIKE

One Hundred Men at Cherry Valley Mines, at Leetonia, Have Quit Work.

The miners employed by the Cherry Valley Iron company, at Leetonia, are out on a strike. The men have been out since Saturday, and no progress toward a settlement has been made.

According to a statement of the case made by a Washingtonville resident, the miners are out because the company refuses to clean away the slate which accumulates in the rooms. It is claimed that with each blast from one or two feet of slate falls down on the coal. The men want pay for handling and cleaning away this slate, and the company, it is claimed, refuses to pay for it. After notice of their demands had not been granted, the men went out. It is said that over 100 men are affected.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative
which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

SPELLING BEE TONIGHT

Protected Home Circle Will Entertain Neighboring Lodges And Initiate Twenty Candidates.

A class of twenty will be initiated tonight by the Protected Home Circle at their headquarters in Larkin & Ferguson hall. The regular order of business will be curtailed as much as possible and after the initiation ceremonies are over there will be an old fashioned spelling bee. J. E. Davis and Miss Odessa Owens have been selected as captains and they will divide the house into two sides of equal numbers. D. F. White will announce the words and the judges will be selected from the house. There will be a prize for the best speller and a consolation prize for the one who first fails to spell his word correctly. Refreshments of sandwiches and coffee will be served. The members of the East Liverpool, Wellsville and Chester lodges have been invited and it is expected that they will respond in large numbers.

The initiation of the twenty additional candidates will bring the total membership of the lodge up to about 425, by far the largest of any lodge in the county.

STORM OF PROTEST

People of the East End Mad Over Turn Down of Bond Issue Resolution.

The evident disposition on the part of the city council to assess the entire cost of the improvement of Pennsylvania avenue on East End people, even though they do not live on the line of the improvement, is causing a storm of protest. This morning the matter was freely discussed by a number of prominent citizens who will be compelled to stand a good share of the cost and to a man they think it an unjust taxation.

Up until this morning the much moted question had not received much attention but it become a paramount issue when at the meeting of the council last evening the resolution presented by Councilman Marshall was turned down. This resolution provided that the matted be submitted to a vote of the entire corporation to determine whether or not the bonds should be issued to pay for the improvement. The East Enders considered the resolution in the light of a relief measure for them and they think that it should have been given favorable consideration. They contend that the improvement benefits the entire city and that the entire city should help to pay for it. "If we are compelled to do all the paying," said a man of prominence this morning, "I would be in favor of charging a toll for those who do not live in the East End, if this were possible."

A number of remarks antagonistic to the political aspirations of the councilman who voted against the resolution were heard from men of prominence in East End political affairs.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

Mr. and Mrs. Edmonds Improving.

Mr. and Mrs. David Edmonds, of Dry Run, in Colhoun's addition, who were murderously assaulted Sunday afternoon by their son Elza, who was in a drunken frenzy, are much better today, although still in a great deal of pain from their wounds. Mrs. Edmonds has stated that one night about two weeks previous to the assault Elza came home from down town and insisted on sleeping in the room with her. She was alarmed at his actions, but humored him. The boy alluded to a burglary that had occurred in the neighborhood and told his mother that a burglar might enter the house and kill her, and that if she was to be killed he wanted to do it himself.

Miss Vincent Entertained.

One of the pleasantest social functions of the season was the reception several nights ago at the home of Miss Annie Vincent, on Pennsylvania avenue, East End, for the gilders at the Thompson pottery. The guests numbered fourteen and enjoyed the evening immensely with dancing and cards. Enticing refreshments were served.

Car Killed Dog.

A street car run down an unknown and homeless dog on Mulberry street yesterday afternoon and injured it so badly that it had to be killed. Quite a crowd collected around the unfortunate animal and one of the number was selected as its executioner. Several hard blows on its head were administered, but the dog refused to give up the ghost, and not until Officer Fisher had sent five bullets into it was it pronounced a corpse.

Dr. Marshall's Redistricting Plan.

The article in the News Review yesterday concerning the new boundary lines for the wards of the city unintentionally misquoted the plan of Dr. R. J. Marshall, councilman from the Fifth ward. Dr. Marshall does not propose to divide the proposed First ward with Pennsylvania avenue, north of Ralston crossing, as stated. The boundary lines would remain as they now are except that the territory south of Pennsylvania avenue between Ralston crossing and Broadway would be added to it. This removes the objections to his plan heard in the East End yesterday.

RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Olenhousen and Hollis E. Grossbans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 20th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

General DeWet, late of the Boer army, has written a book. In it he scores England, as was to be expected, but is more severe on his own people. He says that among them stupidity, cowardice, lack of discipline, faithlessness and abominable treason were to be met with among them to an appalling degree. Had there not been so many traitors in their own camp the Boers would never have been so utterly defeated. It is quite evident that General DeWet does not expect to return to Africa to live.

Ohio is almost out of debt and has over $3,500,000 in the treasury. No wonder the people voted strongly against putting any new brand of tax reformers into office. The financial status of Ohio is an object lesson to the whole country. The administration headed by Governor Nash has accomplished wonders. It would have been a sad mistake not to continue it in power, and the voters saw the fact plainly.

"General Grosvenor says it would be tampering with prosperity to meddle with the tariff. But of course this is largely a post-election opinion," remarks the Cleveland Plain Dealer. If we mistake not, it was an ante-election opinion, too. In any event, the verdict of the opinion, as expressed at the polls, was too plain to be disregarded.

A test case on the "grandfather clause" in the new Alabama constitution will be heard before very long by the United States supreme court, and owing to developments at the recent election the negro disfranchising provisions of the new Virginia constitution will also be tested.

Unfortunately the rain abated before it had half cleaned the streets of East Liverpool. But why do we need to depend upon such an agency when we have a street cleaning department costly enough to be efficient?

It has been truthfully remarked that the greatest work we can do for the future is to educate the children of the present. And in that work America leads the world.

The Pennsylvania railroad officials are reported at their wits' ends to know what to do with their heavy freight traffic. But it does not appear to have occurred to them that they could be relieved of a portion of the strain by encouraging some of their rivals to step in and get a share.

OBITUARY

Mrs. Anna Cunningham.

Mrs. Anna Cunningham, aged 32 years, died at her home in Gardendale this morning from brain fever after an illness of about two weeks. The hour for the funeral has not been set but it will take place Thursday afternoon at the Gardendale chapel. She was highly respected and had a large circle of friends. She leaves two children, one four years and the other one year of age.

Death of a Child.

A 15 months old child of David Berg, of Liverpool street, Wellsville, died at its home last evening after being sick for several weeks. The child was born in Sweden, and was brought to this city several months ago by its parents. Mr. Berg is an employe in the mill. The funeral will be held at 2 o'clock tomorrow afternoon.

AT THE THEATER

The Chicago Stock company, which is here for the week at the Grand, had a crowded house for its opening performance last night. The bill was "The Prince of Tramps," a comedy drama, and it was excellently presented. The company is much better than the usual run of week stand troupes and several of their performers are particularly clever. The between acts specialties last evening were new and pleasing. "Carmen" will be presented tonight.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

Mrs. William James, who lives at 253 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent flattering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

TO USE A MAIL WAGON

John H. Brown Has Contract to Carry Mails Between Postoffice And Station.

The project which was mentioned in this paper a few days ago after the mail bag was stolen lately, about the wagon which was to carry the mail between the local postoffice and the passenger depot has not been abandoned. John H. Brown, the well known confectioner and milk dealer of Market street, has signed a contract with the railroad company to carry the mail between the points named. Mr. Brown will assume his new duties tomorrow morning. He intends to fix his wagon like the wagons owned by the railroad company and used in other cities.

The contract is for five years and stipulates that Mr. Brown shall carry the mails to and from all the day trains. Mr. Brown was compelled to furnish $500 bond. Arthur Campbell, now employed to carry the mails, will become assistant baggage master, a help which has been badly needed, as a man from the freight depot had to help Mr. Smith, the baggage agent, on special occasions when the work was too heavy for one man. The new state of affairs will be appreciated, especially by the traveling men.

WELLSVILLE

FIGURES ON COST OF LIGHT PLANT

INTERESTING DATA LAID BEFORE WELLSVILLE COUNCIL.

Question of Bond Issue to Build Plant And Pumping Station to Be Voted On.

There were only seven members of council present at the meeting last evening and much less business was transacted than was expected. The appointment of Fred Houser as chief of police of the city was confirmed by council and Mr. Houser was later sworn in by the mayor.

A few bills were ordered paid. An ordinance was put on first reading fixing the grade line of Highland avenue from the easterly curb line of Spring Garden to the center line of Liverpool street.

The equalizing board on the Lisbon street paving assessment from First street to Fourth street gave in a written report. It showed that only a few changes had been made. It was confirmed by council. A bond ordinance for the work was placed upon its first reading.

City Solicitor Boyd read portions of the new code bill and suggested that some action be taken toward proceeding with the work required by the code. The president of council was instructed to appoint committees to take up the code matter and appointed the following, to report at the next meeting: On board of public service, McCormick, Shoub and McLane; board of public safety, Whitacre, Aughinbaugh and Bissett; board of tax commission, Weaver, Smith and Henderson; redistricting of wards, Weaver, Shoub, Whitacre, McLane and Smith, one member from each ward; bonds and compensations, the finance committee, composed of Whitacre, Shoub and Brennan.

Mr. Boyle, a representative of the R. W. Hunt company, of Pittsburg, gave figures upon the cost of a municipal light plant, which were asked for by council from the water works board some time ago. Figures upon the cost of five different styles of plants were given. They are as follows:

Combination light plant and pumping station, propelled by gas engines, extreme cost, $81,626.15; combination light plant and pumping station, propelled by steam engines, extreme cost, $80,226.40; light plant propelled by gas engines, extreme cost, $23,667.50; light plant propelled by steam engines, extreme cost, $23,292.50; originally proposed pumping station, extreme cost, $51,488.68.

These figures are based upon the most expensive equipment in the market. About $5,000 would be the extreme outside figure for the material for the second plant mentioned which the Hunt company advises council to decide upon, and would fit up a plant with a capacity of 150 lights. The total cost per year for operating this plant would be $17,913.12. The present electric lights cost the city about $85 per lamp per year. The estimated cost per lamp with the second plant mentioned would be $65.

President A. S. Rogers, of the water works board, stated that the board could secure a suitable site for a plant in the West End for between $1,200 and $1,500.

A motion was passed that council submit the question of expending $20,000 for a municipal light plant and pumping station to the people, allowing them to vote whether they wanted it or not.

Another report of the finances of the city was read to council by the clerk. It showed that there was no more money in the sewer fund, which means that no more sewer work can be done for the present. It also showed the street fund to have been overdrawn over $7,000.

Council adjourned to meet next Monday evening in special session.

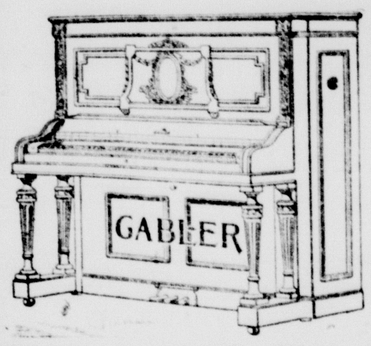

Says Dog Case Is Not Settled.

James Madden says that no agreement of any kind whatsoever has been settled upon between William Timmons and himself in regard to the dog case. He states furthermore that Mr. Timmons will have to prove to him that the dog rightfully belongs to him before Madden will drop it. The dog is at present in the possession of Mr. Timmons, bond in the amount of $50 having been put up, and it is expected the case will be tried again in a few days.

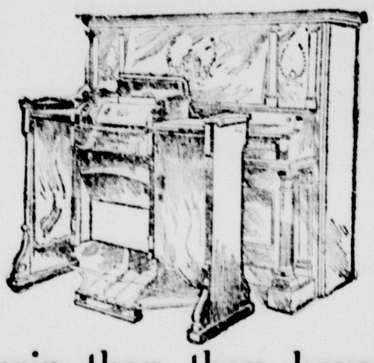

A Fine Entertainment.

The music and literary entertainment given last evening in the Potters' hall was one of the best entertainments of its kind that has been given in this city for some time past. Last of An Old Family.

Joseph Jenkins, 80 years old, died at the residence of his daughter, Mrs. L. P. Chester, 509 Coal street, Wilkinsburg, Pa., on Saturday, as the result of a fall. Mr. Jenkins was the last surviving member of the old Jenkins family of Wellsville. He was a brother of John M. Jenkins, deceased, one of the pioneer lawyers of Ohio. He was a member of the First M. E. church, of McKeesport. He is survived by one daughter.

Powell Still Missing.

The whereabouts of C. J. Powell, the local grocer who mysteriously disappeared a week ago, are still unknown, and it is now the popular belief that he will never again show his face in this city. Several claims have been entered against his store. The report that Powell went away with Mrs. Mattie Delaney, of the West End, has been denied, and it has since been learned that Mrs. Delaney only went to Smith's Ferry, Pa.

SOUTH SIDE

SUIT OVER GRAVEYARD.

Farmer Claims It And Friends of the Dead Are Removing Bodies.

Robert Hobbs will go out to his home in Fairview today, to take charge of removing his father's remains from their present location in the Fairview cemetery to the New Cumberland cemetery. The burial ground at Fairview, which was laid out only a few years ago, is now in litigation. It seems that no deed has ever been made for the plat and no one seems to have any control over it.

The farm on which the cemetery is located was recently sold to A. S. Stewart, who claims the entire original tract and in all probability can hold it. A number of prominent citizens of Hancock county have been buried there, and as their friends have no recourse by which they can hold their ground nothing remains to do but remove the bodies.

Water Company Busy.

The Southside Water company is rushed to the limit in laying water mains to the fast increasing population in Chester. The many new residences which are being hurried to completion before cold weather increases this work. Besides fitting up the many houses there will be several thousand feet of the large main to be laid. Water has now been placed on Florida and Montana avenues.

Thrown Out Into the Mud.

While J. B. Meeks, of Pittsburg, and Miss Stella Robinson, of New Cumberland, were driving along First street yesterday afternoon the horse became frightened at a street car, overturned the buggy and threw them both out. They alighted in a large mud hole. Miss Robinson received a painful cut on her head which bled profusely, but was not serious.

W. T. Walker, of Wheeling, is in Chester on business.

Mrs. Edward Stewart and young son left last evening to visit her parents near Beaver, Pa.

John Williams and daughter left yesterday morning for Parkersburg on a visit to relatives.

Cy Hobbs has quit the tin mill and is now running a blacksmith shop at his old home in Fairview.

Frank Fandree and family moved yesterday into the home recently built by C. T. McCutcheon on Adolphus street.

Mr. and Mrs. James Montgomery, of Mahan, W. Va., are visiting Mr. and Mrs. J. P. McGahan, of Fairview street.

Joseph Gilmore, who has been working in the Brown apple orchard for the past two months, has returned to Chester.

Frank Snowden, of Gas Valley, will leave in a few days with his uncle, Rev. D. H. Snowden, for Sterling, Kan., where he expects to make his home.

Mr. Hendershot, of the firm of Kochert & Hendershot, Chester, has severed his connecton with that firm and is moving to the East End to engage in the confection business.

DAMAGE CLAIMS AGAINST THE CITY

Excellent Legal Talent to Be Secured For Purpose of Fighting Them.

DEFENSE TO BE MADE

Eight Suits Now Pending And Soon to Be Disposed of—Railroad Committee of Council Insists That the C. & P. Must Make Concessions.

One of the busiest days known in councilmanic circles for a long time was yesterday. At 1:30 a meeting of the special committee appointed to investigate damage claims pending against the city, all of which are docketed to come up in the common pleas court at Lisbon this week, was held.

The committee was made up of Dr. Marshall, Messrs. Peach and Johnson. Solicitor McGarry, who had the cases for the plaintiffs in the beginning, and who asked that he be relieved from defending them in behalf of the city on that account, was present and offered suggestions. It was found after very careful deliberation that the city had a strong case, and though there were several technical points upon which the court would have to be made clear. For this reason it was deemed advisable to retain the very best legal talent obtainable to represent the city.

There is an abundance of evidence in the city's favor, nearly all of which has been unearthed within the past week, and preparations are now being made to have it in shape within the next few days that it will do some good at the trial of the suits.

In all there are six cases of the same character, and damages are claimed in each for the appropriation of certain portions of the defendant's lots by the city for road purposes. The property owners will ask $6 per foot front for all the ground taken. The city hopes to show that by an old agreement between the original owners and those representing the city at that time the land was to be deeded to the municipality for road purposes.

It was decided that Hon. R. W. Tayler, of Lisbon, and A. H. Clark and W. K. Gaston, of this city represent it.

In addition to these six suits the city has two others to defend. They, too, will be up this week. One is that or David O'Hanlon, against the city, in which he asks damages for cutting away a portion of the front of his property on Lisbon street. The case has been in the court for several years.

The other is the claim of Mrs. Lucinda Martin versus the city. This last is also a damage claim. Both have been placed in the hands of A. H. Clark by the solicitor who had them for the plaintiffs originally.

The railroad committee composed of Messrs. Peach, Bullock, McConnell, Nice and Marshall, met immediately after the adjournment of the other, and plans were perfected for the city's attitude toward the Pennsylvania company in its attempt to cross the city streets with a double track. There are a large number of concessions which the city expects to receive at the hands of the company, and these matters were talked over at length. The committee takes the position that if the city desires to compel the railroad people to observe certain regulations that will work to the advantage and convenience of the general public, the time to ask these concessions is now when the company is out for something from the city on their own account. The entire council backs the committee in this, and it is probable before the Cleveland & Pittsburg double track is started through this city it will have to agree to many things in the way of better facilities and accommodatons for the traveling and shipping public.

Steubenville Hunter Crippled.

Steubenville, November 18.—The first serious shooting accident in Jefferson county the present season, occurred yesterday morning, when Con. Hutterly, the well known young shoe merchant, of Floto & Hutterly, received injuries that will cripple him for life. The accident occurred on the William Stone farm near Dry Fork, in a very peculiar manner. Hutterly was carrying his gun on his shoulder when it slipped and fell to the ground. It went off and Hutterly's right foot received almost the full contents, two of his toes being partly blown off.

More Smallpox at Steubenville.

Steubenville, November 18.—Two more cases of smallpox or varioloid have been reported from lower Wells street in the family of Mrs. Foltz, the victims being her little girls, Gertrude and Florence. They were both recently vaccinated, and the board hopes the cases will be light.

REALM OF SPORTS

ROVERS VS. SEBRING

A Spirited Game At the West End Park Promised For Saturday Afternoon.

During the remainder of the season interest will no doubt center on the playing of the West End Rovers. It was generally conceded that the East Liverpool team was superior to the Rovers, but the latter aggregation was a close second and they will without a doubt put up some strong exhibitions during the next few weeks. They have been under strenuous practice for some time and have hardened themselves down to a point where they have every confidence and can back it up with real merit. On the gridiron in the West End park next Saturday afternoon they will play one of the fastest games of the season when they tackle the strong team of Sebring. The lineups for the two teams will be as follows:

Rovers—Arb, right end; Tyson, right tackle; McDevitt, right guard; Amos, center; J. Hester, left guard; Heckathorn or Frazer, left tackle; Hardy, left end; Robbins or McAvoy, quarter backs; J. Coleman, right half back; Jones, left half back; Moore, full back.

Sebring—Christy, right end; Miles, right tackle; Jewel, right guard; Brown, center; Beck, left guard; Green, left tackle; Weikirt, left end; Turner, quarter back; Jones, right half back; R. Eddy, left half back; C. Eddy, full back.

REPORTED DISBANDED

East Liverpool Foot Ball Team Could Not Agree as to Pecuniary Recompense And Quit.

From an authentic source comes the information that the East Liverpool foot ball team has disbanded for the season. It was due to a failure in agreeing on the pecuniary compensation that each player should derive from the gate receipts. Manager John Walsh is in Pittsburg and no statement could be gained as to his side of the question.

The local admirers of the game were very much disappointed upon learning of the spat-up. They were all anxious to witness the game between East Liverpool and Steubenville, and unless a new management takes charge of the local team the game will likely never be played. It was scheduled for November 29 and preparations were being made by scores to witness the contest.

When Manager Walsh departed for Pittsburg Saturday evening it was thought that he had gone there to complete arrangements with Manager Farren, of Steubenville, but it has been learned that such is not the case.

The D. C. & A. C., of Pittsburg, and the Steubenville basket ball team are arranging for a game at Rock Springs park at an early date.

A REMARKABLE DOG

Whose Owner Says He Was Enabled to Catch 25 Coons in Five Nights.

"I was out hunting five nights last week and caught just 25 coons," was the statement made to a News Review reporter by Thomas Blazer, of the famous Grim's bridge. "That sounds like a whopper, I expect," he continued, "but it is every word the truth. You see, I have a way of catching them that everybody don't know about, and that is why I got so many. When a man goes coon hunting the principal accompanying factor is a dog. And I guess I have got the best dog in the country. He is an awkward looking animal and no one would ever take him to be worth a penny. But he fools everybody.

"All I have to do is to get him into the woods, and if there are any coons there he will get them. Getting a scent he will run to the bottom of a tree, and if loud and impatient barking will have no effect on the little creature the dog will, when the distance is not too far, run and jump to the first limb and so on until he finds the coon. it would take lots of money to buy that dog from me, and I intend to make a record with him this season."

Gentlemen.—Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, headaches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this.

Visiting my sister, I found she was using

Dr. Caldwell's (Laxative) Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. I give all praise to your medicine, and have recommended it to a large number of my friends.

OIL INSPECTOR FILES HIS REPORT

Examined a Vast Quantity of Illuminating Fluid During the Year.

VACANCY IN CIRCUIT COURT

Which the Governor Is Urged to Fill By Naming Theodore Hall, of Ashtabula—Wellsville Company Incorporated—Other Capital City Notes.

From a Staff Correspondent.

Columbus, November 18.—John R. Malloy, inspector of oils for the Second district, with headquarters at Columbus, has filed his annual report with Governor Nash, which shows that there were 245,685 barrels of illuminating oil inspected during the year ending October 1. There were 78,966 barrels of oil inspected at refineries in the First district and shipped into the Second district, the total amount of fees from all sources being $16,456.57. Fourteen deputy inspectors are employed in the Second district. The southeastern Ohio inspectors are Robert Love, Steubenville, who inspected 16,341 barrels and collected fees amounting to $1,$12.98; Robert H. Moore, Bellaire, inspected 9,587 barrels, fees, $479.40; J. Trueman Myers, Carrollton, inspected 624 barrels, fees, $31.20.

Speaker McKinnon, of Ashtabula, and other prominent politicians of that locality, called on Governor Nash yesterday to urge the appointment of Theodore Hall, of Ashtabula, as judge of the circuit court to succeed Judge Caldwell, who died several days ago. There are two other candidates for the place, Harry Hammer, of Painesville, and Allen Cox, of Conneaut. Judge Caldwell was appointed by Governor Nash to fill a vacancy caused by death. The governor has already made 16 judiciary appointments, the largest number appointed by any governor. Last week the governor appointed his executive clerk, Hon. Charles C. Lemert, to fill a vacancy on the common pleas bench in the Kenton district.

The Menough Foundry company, of Wellsville, has taken out a certificate of incorporation. The capital stock is $25,000, which is divided into $50 shares. The incorporators are G. W. H. S., A. G., E. R., and M. F. Menough.

The thirty-third annual report of the Soldiers and Sailors Orphans' home at Xenia, shows that there were 944 pupils enrolled during the year. Columbiana county being represented among the number. The per capita cost, based on all expenses, was $180.75.

James A. Manning, of Ashtabula, successor to District Deputy Elmer E. Miller, of Canton, of the stationary engineers' board, is at work in his home town. Next week he will go to Canton where he will remain several days. Mr. Miller will make him acquainted with the territory. His Columbiana county itinerary has not been prepared yet.

The proclamation issued by the secretary of state says that there are 71 cities and 693 villages in Ohio.

CAMP CARS ATTACKED

RIGHT TO HOUSE FOREIGNERS IN THEM IS QUESTIONED.

Heavy Damage Suits Filed at Steubenville for Two Italians' Deaths.

Steubenville, November 18.—To test the right of corporations to compel their foreign laborers to sleep in camp cars where they have neither path or space to reach their work without walking along the railroad tracks, two heavy damage suits were filed in the clerk's office by Attorney A. C. Lewis on behalf of J. O. Naylor, administrator of Guiseppe Maroni and his son, Basil Marino, two Italians, who were killed near Unionport on August 21, 1902, the administrator asking $10,000 damages in each case.

The petition claims that on June 6, the railroad maintained a switch on a side track, and on the night of the accident a cut of cars was run in on the switch, unknown to the twenty-five foreigners who occupied the camp cars at the west end. In the morning they left the camp cars to walk between the tracks to their work, the two Marinos being in the party. During the night No. 8 passenger train is supposed to pass the camp cars and at the time of the accident the men believed that it had gone.

They were walking between the switch and east bound track, in a space of less than seven feet when a west bound freight came along. As it was passing, No. 8 on the east bound track appeared and without whistle or signal struck the two Marinos and hurled them to the ground.

In the petition the principal claim is that the railroad company should have an intelligent foreman to guide the foreigners who are not acquainted with the time of the various trains arrival, and for this reason they should have had some one to take charge of them after they left the camp cars. The petition also avers that the width between the cut of freight cars and the east bound track, over which the men were compelled to walk to work, was not wide enough to permit a man to pass in safety when a train was on both tracks. The two Marinos were not walking on the track, but on the narrow path, the onely one provided for them, and they were at no fault, but instead the railroad company was negligent.

As there are so many ignorant foreigners killed in the same way almost the suit has attracted considerable attention, and to protect itself from many other similar suits, the railroad company will make a determined fight.

A 250 BARREL WELL

The Latest Great Strike in the Knoxville Oil Field.

Another large well has been shot in the Knoxville oil field. The Crawford No. 7, owned by J. J. Crawford, was shot Saturday afternoon in the presence of several hundred people, many of them oil operators and others common sightseers, and a few moments after it was shot the oil began to flow at a tremendous rate, 250 barrels having flowed into the tanks in about 24 hours. This heavy flow is not expected to continue, but it is believed that it will not decrease much more than one-half for the present at least.

It was thought that the well would be a gusher, so advance preparations had been made for holding the oil. It was fortunate that this was done, as the oil was carried to the tanks and then through the pipe line to the Standard Oil company's refinery.

About the Freuenberger-Sinclair well all is expectancy. The boiler was removed 50 feet from the well several days ago, but the engines were kept at work, and slowly, drilling proceeds through the sand. So far about 25 feet of sand has been drilled through, and it is thought another day's work will complete the job.

TURNED WATER ON HIM

Sister of Martin Lisk Kept Him Out As He Was Trying to Break Down the Door.

Kicking like a maddened steer and drenched with water Martin Lisk was arrested last evening by Officer McDermott and landed in the city jail with a charge of disorderly conduct registered against him. Lisk was at the home of his sister, Mrs. Louis Orr, when taken in tow by the officer. He was at the back door and had smashed in the panels and was about to break the door from its hinges when interrupted. While he was carrying on in this manner, Mrs. Orr, after pleading with him to cease, adopted a novel plan to stop him.

With a wash pan she threw several gallons of water through the holes in the door which had been made by his kicking. To the officer he said that he wanted to get into the house to secure some clothing. He pleaded guilty when arraigned a few hours later and was fined $3 and costs. This amount, added to a former unpaid fine of $9.60, aggregates $17.20, and he will linger in jail until both are paid.

PROBATE MATTERS

Two Wills Filed, on One of Which the Probate Judge Could Not Rule.

Lisbon, November 18.—(Special.)—The will in the estate of R. H. Beeson, of Perry township, was filed for probate yesterday, but as Judge Boone was one of the witnesses he took no action. The will with application was certified to common pleas and Judge Hole ordered that they be admitted to record.

The will of the late James Mackall, Sr., of Middleton township, was admitted to probate, and a commission was issued to take the testimony of a subscribing witness at Canonsburg, Pa.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. In fact, I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 189 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nervine. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind.

Committee, Mrs. Ella Kober, Mrs. S. J. Cripps.

Maccabees' Social.

Crockery City Tent No. 131, Knights of the Maccabees, are arranging for a social for next Friday evening. A committee on arrangements was appointed at the meeting last Friday night. During this meeting two candidates were initiated into the mysteries of the order and two applications for membership were received. The nominations for officers for the ensuing six months will be made Friday evening, and it is expected to have four more candidates for initiation. This with the social will provide a very interesting meeting.

Entertained Their Friends.

Messrs. George and Leonard Poe gave a party Saturday evening to about 25 of their young friends. Music and games served to make the moments lighter and they sped all too swiftly. An enticing refection was served and only words of praise for the hosts were heard as the guests took their departure. Those present from out of town were Miss Mayme Risher, of Wheeling, and G. W. Daugherty, of Pittsburg.

Coming Entertainment.

Mrs. Rush, of Seventh street, will entertain a few of her friends on Friday afternoon.

Mrs. Jennie Davidson will entertain a number of her friends on Thursday afternoon. Miss Euphemia Boyce Huston will be guest of honor.

Mrs. Walter B. Hill will give an "At Home" to a number of friends at her home on Cook street, on Thursday afternoon. The hours will be from 2:30 to 5.

An Enjoyable Party.

Harley Fuller, of Pennsylvania avenue, gave a party last evening for about 25 of his young friends. The evening was pleasantly spent with games and music and in a social way and enticing refreshments were served.

Maccabees' Reception.

Golden Rod Hive, No. 20, L. O. T. M., gave a reception to about 25 visitors from Clarkson last evening. A fine banquet was served, followed by dancing. Fully 200 persons were present.

Will Entertain.

Miss Newell, of Newell, W. V., has issued a large number of invitations for November 20, when she will entertain.

THE NEW YORK STOCK MARKET.

Opening Was Decidedly Irregular and Bonds Were Weak on a Small Range.

New York, Nov. 18.—The stock market presented few, if any, marked characteristics yesterday. Although London prices showed improvement, the opening was decidedly irregular.

The feature of the early trading, as well as of the entire day, was Manhattan, which was exceptionally strong and active, making a maximum and net gain of over 5 points on transactions that more than exceeded one-fifth of the day's total operations.

In the special class Colorado Fuel, United States Steel, American Smelting, Sugar and a few others were steady, Sugar making a material net gain.

There was practically no change in foreign exchange, demand sterling ruling at 487. Call money was as high as 6 per cent and as low as 3½, the bulk of loans being made at 4½ per cent.

Bonds were irregular on a small range. Total sales, par value, $2,945,000.

United States old 4s declined ¼ per cent on the last call.

Fatally Beaten and Robbed.

Huntingdon, Pa. Nov. 18.—William Hawn, of Millereek, a track walker on the Pennsylvania railroad, was attacked Sunday night by two negroes, who, after robbing him of his watch and money, beat him into insensibility. His skull and three ribs were fractured and it is not believed he can recover. Yesterday Joseph Gains and Thomas Allen, giving Madison, N. C., as their home, were arrested at Mifflintown and were positively identified by their victim as his assailants. They were committed to jail here.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Set Them to Work—Frank Francis was arrested last evening by Chief Thompson for being in a state of intoxication. He was without funds this morning and the mayor let him liquidate a fine by sweeping and cleaning the city jail.

I. O. O. F. Social—Invitations have been issued by the I. O. O. F. lodge of East Liverpool for a social and entertainment on the evening of November 26.

Great Accession—Twenty-one persons were received into Long's Run Presbyterian church at Calcutta Sunday, the result of special services held by Rev. P. W. Snyder.

Wire Broken—The special wire used by the local stock exchange broke this morning at a point between Coraopilis and Beaver Falls. As a result there will be no reports received in this city today.

Presiding Elder's Visit—Rev. Charles Bundy, formerly a pastor in Cleveland, and who is now presiding elder of the northern Ohio district of the A. M. E. church, is now paying his official visit in this city. He is the father of R. C. Bundy, who was appointed a naval cadet at Annapolis by Congressman Butterworth.

Went Into the Creek—Mr. and Mrs. U. G. King, Mrs. Nana Wise and Miss Fay Wise, of this city, and Miss Leah King, of Lisbon, were driving home from the latter town last evening when their surrey went over the side of the bridge over a small creek near Calcutta, dumping them into the stream. The horses remained quiet and no one was injured except by a bad ducking.
